The Psychology of Instruction - Russell Napoleon Cassel 1957

The Sword of Attila - David Gibbins 2015-01-27
AD 439: The Roman Empire is on the brink of collapse. With terrifying speed a Vandal army has swept through the Roman provinces of Spain and North Africa, conquering Carthage and threatening Roman control of the Mediterranean. But a far greater threat lies to the east, a barbarian force born in the harsh steppelands of central Asia, warriors of unparalleled savagery who will sweep all before them in their thirst for conquest - the army of Attila the Hun. For a small group of Roman soldiers and a mysterious British monk, the only defense is to rise above the corruption and weakness of the Roman emperors and hark back to the glory days of the army centuries before, to find strength in history. Led by Flavius, a young tribune, and his trusty centurion Macrobius, they fight a last-ditch battle against the Vandals in North Africa before falling back to Rome, where they regroup and prepare for the onslaught to come. Flavius learns that the

British monk who had fled with them from Carthage is more than he seems, and he is drawn into a shady world of intelligence and intrigue under the aegis of Flavius' uncle Aetius, commander-in-chief of the Roman armies in the west, the man who alone has the power to rally Rome and her allies and save the western empire from annihilation. Aetius is desperate to buy time until his army is strong enough to confront the Huns on the field of battle, and meanwhile will do anything to undermine their strength. Together they devise a plan of astonishing audacity that will take Flavius and Macrobius across the frontier and far up the river Danube to the heart of darkness itself, to the stronghold of the most feared warrior-emperor the world has ever known - and into alliance with the emperor's daughter, a warrior-princess who has sworn vengeance against her father for the death of her mother. In the showdown to come, in the greatest battle the Romans have ever fought, victory will go to

those who can hold high the most potent symbol of war ever wrought by man - the sacred sword of Attila.

The Virtues of War - Steven Pressfield
2005-09-27

I have always been a soldier. I have known no other life. So begins Alexander's extraordinary confession on the eve of his greatest crisis of leadership. By turns heroic and calculating, compassionate and utterly merciless, Alexander recounts with a warrior's unflinching eye for detail the blood, the terror, and the tactics of his greatest battlefield victories. Whether surviving his father's brutal assassination, presiding over a massacre, or weeping at the death of a beloved comrade-in-arms, Alexander never denies the hard realities of the code by which he lives: the virtues of war. But as much as he was feared by his enemies, he was loved and revered by his friends, his generals, and the men who followed him into battle. Often outnumbered, never outfought, Alexander conquered every enemy the world stood against him-but the one he never saw coming. . . . The Forgotten Legion - Ben Kane 2010-01-05
Set in the late Roman Republic, in the first century B.C.E., The Forgotten Legion is a tale of the greatest empire of the ancient world from the perspective of those on the lowest rungs of its society. Romulus and Fabiola are twins, born into slavery to a enslaved mother who is much beloved by them, and much abused by their owner. At 13 years old, they and their mother are sold: Romulus to gladiator school, Fabiola into prostitution, where she will catch the eye of one of the most powerful men in Rome, and their mother into obscurity and death in the salt mines. Tarquinius is an Etruscan, a warrior and soothsayer, born enemy of Rome and trained by the last haruspex in the forgotten arts of divination. A runaway slave, then an AWOL Legionaire, he has a long foretold destiny that will take him to the very ends of the known world. Brennus is a Gaul from the Allobreges tribe. In the battle against the Roman army, his entire family, perhaps his entire tribe, is

slaughtered, and only he survives to be sold as a slave to be trained as a gladiator. He rises to become one of the most famous and feared gladiators of his day - and mentor to the boy slave, Romulus, who dreams night and day of escape and of revenge. The lives of these four characters are bound and interwoven in a marvellous story which begins in a Rome riven by corruption, violence and political enmities, but ends far away, where Romulus, Brennus and Tarquinius find themselves fighting against the Parthians and overwhelming odds - survivors of one of the most legendary battles in Roman military history and destined to become part of one of the most compelling, enduring legends: The Forgotten Legion.

It is an exciting story, admirably told. The closing battle-scene is particularly well done.' Daily Mail 'Mr Duggan is one of the best historical novelists going now. point... We are given a vivid picture of life in Rome and the Near East... there are some splendid battles.' The strength and weaknesses of the Romans are put into excellent perspective.' The Quest for the Lost Roman Legions - Tony Clunn 2009-09-19

The story of an ancient ambush that devastated Rome—and the modern-day hunt that finally revealed its location and its archaeological treasures. In 9 A.D., the seventeenth, eighteenth, & nineteenth Roman legions and their auxiliary troops under the command of

Publius Quinctilius Varus vanished in the boggy wilds of Germania. They died singly and by the hundreds over several days in a carefully planned ambush led by Arminius—a Roman-trained German warrior adopted and subsequently knighted by the Romans, but determined to stop Rome’s advance east beyond the Rhine River. By the time it was over, some 25,000 men, women, and children were dead and the course of European history had been forever altered. “Quinctilius Varus, give me back my legions!” Emperor Augustus agonized aloud when he learned of the devastating loss. As decades passed, the location of the Varus defeat, one of the Western world’s most important battlefields, was lost to history. It remained so for two millennia. Fueled by an unshakable curiosity and burning interest in the story, a British Major named J. A. S. (Tony) Clunn delved into the nooks and crannies of times past. By sheer persistence and good luck, he turned the foundation of German national history on its ear.

Convinced the running battle took place north of Osnabruck, Germany, Clunn set out to prove his point. His discovery of large numbers of Roman coins in the late 1980s, followed by a flood of thousands of other artifacts (including weapons and human remains), ended the mystery once and for all. Archaeologists and historians across the world agreed. Today, a state-of-the-art museum houses and interprets these priceless historical treasures on the very site Varus’s legions were lost. The Quest for the Lost Roman Legions is a masterful retelling of Clunn’s search to discover the Varus battlefield. His well-paced and vivid writing style makes for a compelling read as he alternates between his incredible modern quest and the ancient tale of the Roman occupation of Germany—based upon actual finds from the battlefield—that ultimately ended so tragically in the peat bogs of Kalkriese. Legions of Boom - Oliver Wang 2015-03-23 Armed with speakers, turntables, light systems, and records, Filipino American mobile DJ crews, such as Ultimate Creations, Spintronix, and Images, Inc., rocked dance floors throughout the San Francisco Bay Area from the late 1970s through the mid-1990s. In *Legions of Boom* noted music and pop culture writer and scholar Oliver Wang chronicles this remarkable scene that eventually became the cradle for turntablism. These crews, which were instrumental in helping to create and unify the Bay Area's Filipino American community, gave young men opportunities to assert their masculinity and gain social status. While crews regularly spun records for school dances, weddings, birthdays, or garage parties, the

scene's centerpieces were showcases—or multi-crew performances—which drew crowds of hundreds, or even thousands. By the mid-1990s the scene was in decline, as single DJs became popular, recruitment to crews fell off, and aspiring scratch DJs branched off into their own scene. As the training ground for a generation of DJs, including DJ Q-Bert, Shortkut, and Mix Master Mike, the mobile scene left an indelible mark on its community that eventually grew to have a global impact.

The Road to Rome - Ben Kane 2010-08-19

_____ The dramatic climax to Ben Kane's Forgotten Legion Trilogy Having survived the perils of a journey across half the world, Romulus and Tarquinius are press-ganged into the legions, which are under imminent threat of annihilation by the Egyptians. Meanwhile in Rome, Romulus's twin sister Fabiola lives in fear for her life, loved by Brutus, but wooed by Marcus Antonius, his deadly enemy. Soon after, Romulus fights at Zela, the vicious battle where Caesar famously said, 'Veni, vidi, vici'. Tarquinius, separated from Romulus in the chaos of war, hides in Alexandria, searching for guidance. But mortal danger awaits them both. From the battlefields of Asia Minor and North Africa, to the lawless streets of Rome and the gladiator arena, they face death daily, until on the Ides of March, the

twins are reunited and must decide either to back or to betray Caesar on his day of destiny. **Soldier of Rome** - James M. Mace 2008-02-12 It has been three years since the wars against Arminius and the Cherusci. Gaius Silius, Legate of the Twentieth Legion, is concerned that the barbarians-though shattered by the war-may be stirring once again. He also seeks to confirm the rumors regarding Arminius' death. What Silius does not realize is that there is a new threat to the Empire, but it does not come from beyond the frontier; it is coming from within, where a disenchanted nobleman looks to sow the seeds of rebellion in Gaul. Legionary Artorius has greatly matured during his five years in the legions. He has become stronger in mind; his body growing even more powerful. Like the rest of the Legion, he is unaware of the shadow growing well within the Empire's borders, where a disaffected nobleman seeks to betray the Emperor Tiberius. A shadow looms; one that looks to envelope the province of Gaul as well as

the Rhine legions. The year is A.D. 20.
