All These Perfect Strangers - Aoife Clifford 2016-07-12

In this intimate debut thriller in the vein of Donna Tartt's *The Secret History*, an award-winning mystery writer delves into the mind of a young woman who's closer to murder than she'd like to admit. "This is about three deaths. Actually more, if you go back far enough. I say deaths but perhaps all of them were murders. It's a grey area. Murder, like beauty, is in the eye of the beholder." Within six months of her arrival at a university campus, three of Penelope Sheppard's new friends are dead. And only Pen knows why. This isn't Pen's first encounter with violence, and she's an expert at keeping secrets—especially ones as dark and dangerous as her own. Reputations have a way of haunting you—they're easy to make, hard to shake. After Pen leaves her isolated hometown to escape the judgmental stares of her neighbors and carve out a new identity for herself, she's free from the stigma of her past mistakes. At school, Pen is anonymous, surrounded by an eclectic collection of perfect strangers. But when someone begins to uncover the

deadly secrets she thought she'd left behind, how far will Pen go to protect her new life? Six months later, Pen is back home, the victim of a violent trauma and a pariah once again. Now, reluctantly, she must recount her story from start to finish: to her shrink, to the police, even to herself. Because until she tells the whole truth, there will be no escaping the past. Praise for *All These Perfect Strangers* "Best book I've read this year. Fabulous writing."—Fiona Barton, *New York Times* bestselling author of *The Widow* "All These Perfect Strangers gripped me and didn't let go until the last page. Aoife Clifford creates a disturbing but compelling cast of characters, leaving the reader constantly guessing what's around the corner. It's a cleverly woven plot, a wonderful, compelling read that lingers long after the book is closed."—Jane Harper, award-winning author of *The Dry* "Unputdownable."—Marie Claire (Australia) "A picture of death and betrayal across the sexually charged canvas of a first year on a university campus . . . tense, sparse . . . The gripping plot challenges and subverts the notion of innocence until the very last page."—*Monocle* "A compulsively readable mystery set on a college campus, with one girl at the heart of it all, *All These Perfect Strangers* is a seething conflagration of lies and betrayal that explodes to a shocking conclusion. I couldn't put it down!"—Carla Buckley, author of

The Good Goodbye “Aoife Clifford has given us one terrific yarn. All These Perfect Strangers is tender and cruel, naïve and complex, hopeful and crushing. In other words, real to the broken and bloody bone. A phenomenal debut novel that will make you forget you have other things to do. Read this book and spend the next week captivated by our hero, Pen Sheppard.”-T. E. Woods, author of the Justice series “Intrigue, betrayal and murder . . . deliciously dark.”-T.R. Richmond, author of What She Left “Aoife Clifford’s debut novel twists and turns and twists again. All These Perfect Strangers is really a perfect blend of storytelling and psychological suspense. I can’t wait to see what Clifford does next.”—Nichole Christoff, author of The Kill List

Now, for the first time, she recounts the triumphs of her career and the personal struggles that have plagued it. In this refreshingly candid book, Cora recalls finding refuge in the game after the death of her mother, but also speaks openly about the challenges and conflicts she and her teammates have experienced in the under-resourced world of female sport. Bruised, Never Broken - Phil Coulter 2019-10-11

As the composer of some of Ireland's best-loved songs, not to mention a host of global hits, Phil Coulter has been a mainstay of Irish cultural life for decades. But this is a position that has been hard won, often in the face of extraordinary personal and political upheaval, most of which has, to date, been kept hidden from public view. Heartfelt and wry, meditative and entertaining, Bruised, Never Broken is the story of the author's remarkable rise from modest beginnings on the streets of post-war Derry to the summit of the global charts, as a composer and confidante to a

host of the era's biggest stars, such as Van Morrison, Luke Kelly, Cliff Richard and Sandie Shaw. Poignantly, it is also a hymn to the place that made him, a city as complex and troubled throughout Ireland's middle decades as any on Earth, yet a source of constant inspiration and consolation.

[No Sex, No Sleep](#) : - Pat Fitzpatrick 2018-06-01

No Sex, No Sleep tells the unvarnished truth about fatherhood. Forget about magic moments and bonding, this is about puke, wet-wipes and enjoying the sex life of a hermit. Pat Fitzpatrick wants to tell new dads what they can expect in the first few years of their child's life, and give them a right good laugh along the way. The book is based on Fitzpatrick's popular 'Dad's View' column and covers everything from buggy shopping, the labour ward, naming your child, bringing them home and dealing with the in-laws, to later issues such as choosing a school, time-outs, toilet training and much more. Written in short, digestible chunks No Sex, No Sleep can be picked up and put down as the mood takes you, and will make an ideal present for a first-time dad. It will also strike a note with any dad with small kids, or any mom out there who wants to know what their man is really thinking. Which is not much, other than I'd love to go to sleep for a month.

The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsmen begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride's oldest (male) friend gives an uncomfortably caring toast. Early Childhood Education and Care - Margaret M Clark 2007-05-14
'A much needed book that uniquely brings together policy and practice in early childhood education and care across the United Kingdom and the Republic of Ireland. It offers a wealth of information and useful websites and addresses so that, importantly, readers can keep abreast of the rapidly changing external environment in these countries... An essential read for those wishing to understand the background to policy and practice in early childhood education and care' - Linda Miller, The Open University
'This book is long overdue; it provides effective cameos of developments in each country, highlighting key legislation, the underlying philosophy, the formation of policies and their implementation in state, voluntary and private provision' - The International Journal of Early Childhood
'This unique resource will be invaluable in helping students and others trying to understand the context of current early years provision. The case studies bring the book to life and ground it in the stories of real children and their families. They highlight how the similarities and differences in support for children and their families are more dependent on where they live than what they need' - Lesley Staggs
Early childhood education and care

policy has an impact on the daily lives of early years practitioners and the families and children they work with, and practising and trainee early childhood professionals need to have an understanding of current policy as well as the contexts for policy-making and implementation. Currently, the majority of textbooks for early years education and early childhood students in the UK focus on the situation in England. As a result, readers may have a skewed perspective on policy and practice, and not be aware of the varying and different contexts in Northern Ireland, Scotland and Wales. Also, those working in settings not in England have to work hard to apply texts to their own contexts. In contrast, this book gives the reader easy access to information on the policies and practices in ECEC across each of the countries in the UK and the Republic of Ireland. Each chapter covers: o background information o policy and practice in early childhood education and care o transition o schooling and curriculum o quality assurance, examination and inspection o professional development and training o future and imminent changes o case studies of children's lives. In addition to describing the legislative, political and practical situation in each country, the book enables comparisons to be drawn, and helps readers interpret the data critically. It will be essential reading for modules on comparative education and international perspectives, but will also form a foundation for all modules involving policy and provision on Early Years Education, Early Childhood or Childhood Studies courses. Practitioners undertaking CPD modules or foundation degrees, and international students looking for comparative data will also find the book useful.

What Planet Can I Blame This On? - Ellie Pilcher 2021-06-03

Perfect job. Perfect boyfriend. Perfect life. But the universe had other ideas... The funniest book you'll read all year! Perfect for fans of Beth O'Leary, Mhairi McFarlane and Lucy Vine. 'Utterly swoon worthy' 'Just great fun' 'Fresh, funny and fascinating' 'A stunning debut' The stars are not in position - and Krystal Baker is determined to make them fall in line. It's Krystal's 29th birthday. This year: · Her boyfriend finally proposed after six years of dating (only for her to find out he cheated on her for five and a half of them) · She landed her dream job as a writer at Craze magazine (which swiftly fell into administration) · She moved into her dream flat overlooking the city (just for the pipes to explode making the place unliveable) As she mourns everything wrong in her life, her best friend mutters the dreaded words: Saturn Return. The time in a woman's life where Saturn returns to the position it was in on the day of their birth, 29.5 years ago, and, according to legend, everything falls apart. Krystal has never bought into astrology but maybe it's time to re-evaluate - because if the stars got her into this mess, they can get her out of it. And she only has six months to make things right. Loaded with crystals, horoscopes, tarot cards and a carefully aligned chakra or two, Krystal's determined to have her life back on track by the time Saturn returns. No longer shall she brand herself a 'human disaster' because this time it's not her fault, it's written in the treacherous stars. But can Krystal learn to follow her heart, not her horoscope? Praise for Ellie Pilcher: 'Laugh-out-loud funny, brilliantly written and utterly swoon worthy, What Planet Can I Blame This On? is the book we all need right now. Such a fun read!' - Holly Martin, author of Autumn Skies over Ruby Falls 'Perfect reading for twenty and thirty-somethings, written in the language of failed relationships and the hope for something better. Wry,

witty, insightful, fast-paced and just great fun, this is a fabulous debut. It represents so much of what people go through on the pathway to finding out what they really want. It's going to be a hugely popular read.' - Helen Fields, author of the DI Callanach thrillers 'It's rare that a book really makes me laugh out loud, but this one did. Krystal's sassy, authentic narration carries the reader effortlessly as she prepares for her 'Saturn Return' and delves into its meaning. I felt as if I were living her problematic life with her! I think I fell in love with Ryan a little before she did . . . ' - Sue Moorcroft, author of One Summer in Italy 'A joyous romp into the highs and pitfalls of following your stars.' - Beth Corby, author of Leave It To Fate 'What a stunning debut this is! I loved the cast of Krystal and her friends. Throw in a new interest in horoscopes and an episode of Hoarders (I've watched the whole series during lockdown) then this is the perfect read, even if it isn't always written in the stars! An author to look out for!' - Catherine Miller, author of Waiting For You 'Fresh, fun and fascinating from an exciting new talent.' - Bella Osborne, author of Meet Me at Pebble Beach 'It's fresh, wise and hugely funny and real - a celebration of that tricky late twenties stage when you reckon you should have it all figured out - but definitely haven't. When neither your horoscopes - nor even your very best friends - have all the answers. I loved it!' - Fiona Gibson, author of The Dog Share 'Delightful, fun and full of laugh-out-loud moments' - Gillian Harvey, author of Perfect On Paper

Performing the Pied-Noir Family - Aoife Connolly 2020-10-16

Performing the Pied-Noir Family: Constructing Narratives of Settler Memory and Identity in Literature and On-Screen sheds new light on the memory community of the pieds-noir from the Algerian War (1954-1962) as it continues to resonate in France, where the subject was initially repressed in the collective psyche. Aoife Connolly draws on theories of performativity to explore autobiographical and fictional narratives by the settlers in over thirty canonical and non-canonical works of literature and film produced from the colony's imminent demise up to the present day. Connolly focuses on renewed attachment to the family in exile to facilitate a comprehensive analysis of settler masculinity, femininity, childhood, and adolescence and to uncover neglected representations, including homosexual and Jewish voices. Connolly argues that findings on the construction of a post-independence identity and collective memory have broader implications for communities affected by colonization and migration. Scholars of literature, film, Francophone studies, and film studies will find this book particularly useful.

Zodiac Academy - Susanne Valenti 2019-07-13

You have been selected to attend Zodiac Academy, where your star sign defines your destiny. If you're one of the Fae, elemental magic is in your blood. And apparently it's in ours. As twins born in the month of Gemini, we're a rare breed even in this academy of supernatural a-holes. Changelings were outlawed hundreds of years ago but I guess our birth parents didn't get the memo. Which means we're totally unprepared for the ruthless world of Fae. Air. Fire. Water. Earth. No one has ever harnessed all four of them, until we arrived. And it hasn't made us any friends so far. As the rarest Elementals ever known, we're already a threat to the four celestial heirs; the popular, vindictive bullies who happen to be some of the hottest guys we've ever seen. It doesn't help that they're the most dangerous beasts in the Academy. And probably on earth too. Our fates are intertwined, but they want us gone. They've only

got until the lunar eclipse to force us out and they'll stop at nothing to succeed. We never knew we had a birthright to live up to but now that we do, we intend to claim our throne. We can't expect any help from the faculty when it comes to defending ourselves. So if the dragon shifters want some target practice, the werewolves want someone to hunt or the vampires fancy a snack then we have to be ready. But we've been looking after each other for a long time and fighting back is in our blood. Today's horoscope: totally screwed. This is a full-length medium burn novel that is the first in a university-age academy series. Expect forbidden teacher romance and bully romance with mature content suitable for upper YA readers and onwards.
