**I Can See Clearly Now** - Dr. Wayne W. Dyer 2015-02-24  
For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old

format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately

learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am

deeply grateful for all of it." I Can See Clearly Now is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

Memories of Heaven - Wayne Dyer 2015-12-15

Nineteenth-century British poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that "our birth is but a sleep and a forgetting" of our previous heavenly existence. Dr. Wayne W. Dyer and co-author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine, our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of this.

Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born. It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families. They tell of dialogues with God, give evidence that they themselves had a hand in picking their own parents, speak about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm--and even of times when telepathic communication took place, as well as the ability to decide just

when they would come here to Earth. This fascinating book encourages parents and grandparents to take a much more active role in communicating with their new arrivals . . . and to realize that there is far more to this earthly experience than what we perceive with our five senses.

In the telling of this story Saje and Wayne teach children the important lesson that when something is bothering them, they can change their attitude toward it and not allow it to have power over them. This book will help kids understand that some things about themselves can be changed and others will always be with them, but what matters is how they choose to think about these things. In addition to its valuable lesson, this charming

**Wisdom of the Ages** - Wayne W. Dyer 2009-03-17

National Bestseller This inspiring book by Wayne Dyer, author of the bestselling classics *Your Erroneous Zones* and *Pulling Your Own Strings*, delves into the teachings of intellectuals of our past to mine values and wisdom for the present. "What do our ancestral scholars, whom we consider the wisest and most spiritually advanced, have to say to us today?" asks Dyer. The answer lies in this powerful collection of writings, poems, and sayings by some of the greatest thinkers of the past twenty-five centuries. In succinct original essays, Dyer sets out to explain the meaning and context of each piece of wisdom, and, most important, to explain how we can actively apply these teachings to our modern lives. From sixty ancestral masters - Buddha, Michelangelo, Rumi, Whitman, Jesus, Emily Dickinson, and Emerson, among others - here

are treasured passages on a variety of subjects, including solitude, time, and passion. Among the contributions are words on inspiration from Pantanjali, author of the Hindu classic *Yoga Sutras*; teachings about the power of prayer from 13th-century monk St. Francis of Assisi; and thoughts about the importance of action written by Mother Teresa. The voices collected here cut across a wide range of historical eras and cultures, yet they communicate universal truths about the human experience. *Wisdom of the Ages* provides us with a marvelous dual opportunity: to receive guidance from our great ancestors and to recognize our own potential for greatness [Unstoppable Me!](#) - Wayne W. *No Excuses!* - Dr. Wayne W. Dyer 2021-05-04

The book demonstrates how excuses go far beyond "my dog ate my homework," and can actually become words that prevent your child from reaching his or her potential. The book follows a boy with a seemingly impossible dream who almost lets excuses ("I'm not smart enough" . . . "It's too hard," and so on) get in his way. He discovers, as will your child, that by following a few simple ideas and eliminating excuses . . . anything is possible!

Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas ... I'm too old or too young ... I'm far too busy and tired ... I can't afford the things I truly want ... It would be very difficult for me to do anything differently ... and I've always been this way ... may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply

specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life-and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses ... Begone!

*Getting in the Gap* - Dr. Wayne W. Dyer 2021-08-10

Why Meditate? The practice of meditation takes us on a fabulous journey into the gap between our thoughts, where all the advantages of a more peaceful, stress-free, healthy, and fatigue-free life are available—but they’re merely side benefits. The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative

energy of life itself. In this uplifting book, Dr. Wayne W. Dyer explains the soul-nourishing meditation technique for making conscious contact with God, which the ancient masters have told us about. You have all the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life. No person, government entity, or religious group can legitimately claim to do this for you. "In fact," says Dr. Dyer, "I agree with Carl Jung, who said that one of the main functions of formalized religion is to protect people against a direct experience of God." (Dr. Dyer helps you have this direct experience by leading you through the meditation technique in the accompanying audio download.) When you master getting into the gap, stay there for prolonged segments of meditation, and experience what you bring back into the world, you'll truly know the answer to the question: "Why meditate?"

### The Power Of Intention -

Wayne W Dyer

Intention is generally viewed as a pit-bull kind of determination propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This

book explores intention not as something you do but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy that you can access to begin co-creating your life with the power of intention.

*The Power of Intention* - Wayne W. Dyer 2009-09

"Intention is a force in the universe, and everything and everyone is connected to this invisible force." Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention-not as something you do-but as an energy you're a part of. We're

all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of an individual connected at all times to the universal mind of intention.

Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at

the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas . . . I'm too old or too young . . . I'm far too busy and tired . . . I can't afford the things I truly want . . . It would be very difficult for me to do things differently . . . and I've always been this way . . . may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated

ways of thinking will melt away as you experience the absurdity of hanging on to them. **Inspiration** - Wayne W. Dyer  
2009-09

"What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." - Dr.

Wayne W.

Dyer.....INSPIRATION In this groundbreaking book, Dr.

Wayne W. Dyer explains how we've chosen to enter this world of particles and form.

From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we

participated in setting this life process in motion. So why not think along these same lines?

Why put the responsibility or blame on any one or any thing that's not a part of us? On

Earth we have the capacity of volition - we can choose - so

let's assume that we had the same capacity when we resided in the spiritual realm. We

chose our physical body, and

we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts

and sciences - it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration - your ultimate calling.
