The Boys - Ron Howard

2022-11-01T00:00:00+01:00

I fratelli Howard trascorsero sul set tanto tempo quanto nei parchi giochi. Ron recitava la parte di Opie contrapposta a quella di Andy Griffith e, più tardi, quella di Richie Cunningham contrapposta

a Henry Winkler, il Fonzie di Happy Days. Clint, invece, fu per anni il protagonista, accanto a un orso bruno, della serie Il tenero Ben. Ma anche l'alieno Balok in Star Trek. In The Boys, i fratelli Howard raccontano la storia della propria infanzia tra gli anni Sessanta e Settanta. La loro

mamma e il loro papà non erano i tipici genitori di star. Rance e Jean Howard, provenienti dall'Oklahoma rurale, si trasferirono in California per tentare la fortuna nel mondo dello spettacolo. E quando inseguire i propri personali sogni di gloria si rivelò frustrante, decisero di rimodulare le proprie vite per diventare mentori e manager dei figli: un eccezionale atto d'amore. Ron e Clint ebbero così l'opportunità di crescere in modo normale, anche se all'epoca il dodicenne Ron Howard guadagnava più della leggenda del baseball Sandy Koufax. Certo non mancarono i momenti difficili. Ron a scuola veniva bullizzato e soffriva non poco per l'atteggiamento iperprotettivo dei genitori. Clint, da adolescente, scelse la strada della ribellione e quando i ruoli per lui cominciarono a scarseggiare, deluso, cadde vittima dell'abuso di stupefacenti. Ma la forza della famiglia Howard alla fine ebbe la meglio e Ron e Clint divennero, da adulti, il primo uno dei registi più famosi al mondo, il secondo un amato attore caratterista. Il loro

viaggio dall'infanzia alla maturità permise loro di lavorare con il Gotha di Hollywood: Andy Griffith, Don Knotts, George Lucas, Harrison Ford, Richard Dreyfuss, Roger Corman, Henry Fonda, John Wayne e molti altri. Ma furono sempre mamma e papà, le loro guide. *The Boys* è l'emozionante storia di una famiglia autenticamente americana ai figli della quale, semplicemente, è capitato di crescere in Tv. *Vietnam - Guide Routard* - 2004

Persecution - Alessandro Piperno 2012-07-31
A successful Italian doctor's idyllic life is shattered by shameful accusations in a novel by the Campiello Prize-winning author of *The Worst Intentions*. In a sprawling villa on the outskirts of Rome, the internationally revered pediatric oncologist Leo Pontecorvo and his family have gathered for dinner. For these exemplary members of Italy's upper middle-class, the scene is perfect in every way—until a horrifying accusation airs on the evening news

concerning Leo Pontecorvo himself. From this point on, nothing will ever be the same. An allegation of embezzling would be bad enough, but to the horror of his family, Leo is also said to have seduced his son's twelve-year-old girlfriend. The spotlight now turned on Leo reveals every mistake, regret, and contradiction of his lifetime. The details of his private and professional life are debated by both friends and foes, ravenous reporters and punctilious prosecutors. Unable to face the suspicious gazes of his wife and children, Leo descends into the basement of his palatial home—a self-imposed exile in which he attempts to piece together the shattered remains of his life.

Cacciatori di futuro. I giovani pugliesi e il cambiamento - Maria Mancarella 2016-11-11
Il volume illustra i risultati di una ricerca sui giovani, nati a cavallo tra la fine degli anni

Novanta e il primo decennio del 2000, realizzata tra gli studenti delle scuole medie superiori della regione Puglia, su iniziativa del Distretto Lions di Puglia. Lo sguardo analitico dei ricercatori si è soffermato su quell'insieme di pratiche che si strutturano come solide costruzioni di senso, socialmente riconosciute e legittimate in stili di vita e codici comportamentali nella vita degli adolescenti: famiglia, valori, politica, tempo libero, comportamenti a rischio, nuovi media, lavoro e futuro. Il tutto in un contesto geografico per così dire "di confine", in cui il vecchio e il nuovo sono presenti spesso senza confliggere, in cui la tradizione è ancora molto forte e la modernità è andata in crisi ancor prima di entrare nella mente e nella vita delle persone. Con un approccio che supera il quadro interpretativo tipico delle società tradizionali, la ricerca guarda ai giovani come persone che vivono a pieno la loro epoca, caratterizzata da un presente frammentato e un orizzonte breve. L'immagine che emerge è quella di ragazzi e

ragazze che imparano a metabolizzare il rischio, trasformandolo in un mezzo per superare i propri limiti; giovani dall'identità double face insieme "smarriti" e "cacciatori di futuro", identità camaleontiche, talvolta espressione di diverse categorie di giovani, talvolta facce della stessa medaglia. Ragazzi e ragazze di un Sud per molti versi omologato al mondo globale che lo contiene ma nel quale giocano un ruolo ancora particolarmente rilevante elementi forti della tradizione: la comunità, la famiglia, la parentela. Non appaiono indignati né sembrano volersi proporre come rivoluzionari ma esprimono inequivocabilmente il desiderio, non sempre la volontà, di cercare la loro strada tra adattamento e disincanto; non si sottraggono all'idea dell'altrove, anche se non sanno concretamente immaginarla e forse ancora non provano a costruirla.

Adolescenza - Ilaria Caprioglio 2015-05-20

L'adolescenza è un periodo di metamorfosi, fisica e psicologica, vissuta dai nostri figli sotto l'influenza, sovente negativa, del mondo digitale. I ragazzi lasciati soli, in "autogestione", tendono a orientarsi ai coetanei, subendo la pressione dell'odierna società improntata al narcisismo, al consumismo e alla competizione. I genitori devono tornare ad assumere, con coerenza e

responsabilità, il ruolo di guida per educare i giovani a un genuino desiderio di crescita. C'è davvero bisogno di genitori e figli, insieme.

Telephone Tales - Gianni Rodari 2020-09-08

Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's Telephone Tales is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

The Book of Disquiet - Fernando Pessoa

2010-12-09

Sitting at his desk, Bernardo Soares imagined

himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature. Un villaggio scomparso - Tim Weaver

2020-02-13

Durante la notte di Halloween, i nove residenti di Black Gale si riuniscono per una cena. Mangiano, bevono e ridono. Giocano e scattano delle foto. Le foto saranno l'ultimo ricordo di ciascuno di loro. La mattina seguente, infatti,

l'intero villaggio sembra svanito nel nulla. Senza cadaveri, prove o indizi di sorta, il mistero sull'accaduto a Black Gale rimane irrisolto per i successivi due anni e mezzo. Ma alla fine le famiglie delle persone scomparse ingaggiano un investigatore, David Raker, come ultima, disperata speranza per scoprire cosa sia accaduto quella notte, là dove la polizia sembra essersi arresa. E da quel momento, l'ossessione delle famiglie coinvolte diventa anche la sua... Quali segreti dividevano i tranquilli abitanti di Black Gale? Cosa nascondevano alle loro famiglie? Erano veramente quello che sembravano? David Raker è sulle tracce di nove persone scomparse o di nove cadaveri? Scavando nel passato per fare luce sui fatti di quella terribile Notte dei morti, Raker si ritroverà invischiato nel caso più difficile, contorto e misterioso che abbia mai affrontato, in cui emergeranno strane connessioni tra Los Angeles e gli abitanti di Black Gale.

Il Giardino sulla Spiaggia - Gabriele Levantini
2018-11-06

Nel 2017, sollecitato da alcuni amici, decisi quasi per gioco di aprire un blog sul quale mettere alcune delle cose che scrivevo: era nato il Giardino sulla Spiaggia. Quel piccolissimo sito artigianale, disperso nella vastità della rete globale, divenne ben presto per me un foglio bianco da riempire con emozioni, sensazioni, pensieri, sogni; dove poter raccogliere le storie che nascevano dentro di me prima di lasciarle navigare libere, come messaggi in bottiglia. Il nome rappresenta le due opposte necessità dalle quali questo progetto scaturiva: l'introspezione e l'apertura. Il termine "Giardino" infatti suggerisce un luogo intimo, privato, dove potersi raccogliere a riflettere. Ma si tratta di un giardino particolare perché non è chiuso tra muri o steccati, ma è "sulla Spiaggia", aperto verso il mare, verso l'infinito.

Il gioco della bottiglia. Alcol e adolescenti, quello che non sappiamo - Alessandra Di

Pietro 2015-10-08

Alessandra Di Pietro, con il rigore della giornalista e il cuore di un genitore, indaga sul consumo alcolico tra i minori attraverso le storie dei ragazzi che raccontano in prima persona la loro esperienza con l'alcol e gli interventi dei maggiori esperti: psicologi, sociologi, epidemiologi, forze dell'ordine. L'unica raccomandazione possibile per i minori è: ZERO ALCOL, ma non viviamo in un mondo perfetto. Non basta dire ai ragazzi che l'alcol fa male perché smettano di bere, e nessun genitore vuole vedere il proprio figlio perdersi dentro un bicchiere. C'è un modo efficace per far capire ai ragazzi che è meglio non farlo? Ci sono canali precisi sui quali sintonizzarsi per imparare ad ascoltarli e aprire un dialogo fruttuoso? Stiamo crescendo una generazione di futuri alcolisti? Con la lettura dei dati più aggiornati e la complessità dei migliori studi, il libro va oltre gli allarmi e gli stereotipi, ridisegna le reali proporzioni del fenomeno, individua i punti di

pericolo e vulnerabilità dei nostri figli, offre spunti, idee e riflessioni per prevenire e intervenire se l'alcol diventa una relazione pericolosa. Il gioco della bottiglia è una guida utile per genitori, insegnanti, operatori sociali che allarga lo sguardo verso la complessità dei nostri ragazzi in crescita che così tante volte sono migliori di come ce li immaginiamo.

Volersi bene, volersi male - Willy Pasini 1993

We Are the Luckiest - Laura McKowen
2022-01-25

"We Are the Luckiest is a masterpiece. It's the truest, most generous, honest, and helpful sobriety memoir I've read. It's going to save lives." — Glennon Doyle, #1 New York Times bestselling author of Love Warrior: A Memoir
What could possibly be "lucky" about addiction? Absolutely nothing, thought Laura McKowen when drinking brought her to her knees. As she puts it, she "kicked and screamed . . . wishing for something — anything — else" to be her

issue. The people who got to drink normally, she thought, were so damn lucky. But in the midst of early sobriety, when no longer able to anesthetize her pain and anxiety, she realized that she was actually the lucky one. Lucky to feel her feelings, live honestly, really be with her daughter, change her legacy. She recognized that “those of us who answer the invitation to wake up, whatever our invitation, are really the luckiest of all.” Here, in straight-talking chapters filled with personal stories, McKowen addresses issues such as facing facts, the question of AA, and other people’s drinking. Without sugarcoating the struggles of sobriety, she relentlessly emphasizes the many blessings of an honest life, one without secrets and debilitating shame.

The Heart is Deceitful Above All Things - J.T.

LeRoy 2009-08-17

A series of loosely connected autobiographical stories, they describe the disturbing relationship between a mother and her adolescent son as she

moves from lover to lover, dressing him as a girl and forcing him to shoplift. These are shocking stories of abusive love and dysfunctional sexuality, of heartbreak and of innocence lost. Once again, LeRoy's fantastical imagination and lyricism twists his haunted past into something utterly strange and magical.

Compasito - Nancy Flowers 2007-01-01

Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book

covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

La forza dell'anima - Gemelli Manduca 2013-07-29

Ogni giovane, nell'affrontare il mondo, si sente chiamato ad una vocazione; vocazione che in molti casi sboccia già in età scolare. Un ideale di fede che comincia con la crescita della ragione stessa di un fanciullo. Abbiamo finora consumato la nostra vita cercando di completare quella nostra vocazione che, fin dai tempi d'infanzia sognavamo sbocciasse con la consacrazione sacerdotale. Un'infanzia chiusa e colma di solitudine, una gioventù difficile e piena di sconforti coronata dalla morte di nostro padre, già molto anziano e moralmente troppo da noi

lontano, una giovinezza che s'è aperta con l'essere già adulti per poter trattenere l'eterna infantilità di una madre coperta d'egoismi personali e in perenne ricerca di una libertà impossibile e fittizia che porta solo alla perdizione dell'anima. Questi sono i fattori che hanno ostacolato il nostro svolgersi della vita; questi sono i fattori che hanno messo a dura prova il nostro corpo, ma non l'anima; questi sono i fattori che hanno indotto la nascita di questo libro, colmo di sofferenza, ingiustizie, ma anche e soprattutto di molta fede. Ma il nostro sublime ideale, se Iddio lo desidera, non cesserà mai e noi, proseguendo da qui, continuiamo a lottare con la forza dell'anima.

Sober Curious - Ruby Warrington 2018-12-31

Would life be better without alcohol? It's the nagging question more and more of us are finding harder to ignore, whether we have a "problem" with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day, the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it's hard to avoid how alcohol really

makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment free, *Sober Curious* is a bold guide to choosing to live hangover-free, from Ruby Warrington, one of the leading voices of the new sobriety movement. Drawing on research, expert interviews, and personal narrative, *Sober Curious* is a radical take down of the myths that keep so many of us drinking. Inspiring, timely, and blame free, *Sober Curious* is both conversation starter and handbook—essential reading that empowers readers to transform their relationship with alcohol, so we can lead our most fulfilling lives. *Editori digitali a scuola* - Roberto Maragliano 2017-06-26

A scuola si fa un massiccio uso del libro ma poco si riflette su che cosa esso è, quale è la sua storia, da dove deriva il rapporto così stretto che intrattiene con lo studio. Non si può evitare di

farlo proprio ora che tante cose, per via del digitale e della rete, stanno cambiando non solo nella produzione ma anche nella percezione e nell'uso di questa che è e resta la prima tecnologia di comunicazione ed educazione di massa. Gli obiettivi del presente saggio, che unisce teoria e pratica, sono di sostenere insegnanti e studenti nel duplice compito di fare i conti con le opportunità che il digitale offre al libro e di sperimentare l'autoproduzione di testi scolastici.

Motivational Interviewing - William Richard Miller 1991

Since the initial publication of this classic text, motivational interviewing (MI) has been used by countless clinicians in diverse settings. Theory and methods have evolved apace, reflecting new knowledge on the process of behavior change, a growing body of outcome research, and the development of new applications within and beyond the addictions field. Including 25 nearly all-new chapters, this revised and expanded

second edition now brings MI practitioners and trainees fully up to date. William R. Miller and Stephen Rollnick explain how to work through ambivalence to facilitate change, present detailed guidelines for using their approach with a variety of clinical populations, and reflect on the process of learning MI. Chapters contributed by other leading experts then address such special topics as MI and the stages-of-change model; using the approach with groups, couples, and adolescents; and applications to general medical care, health promotion, and criminal justice settings.

Counselling for Alcohol Problems - Richard Velleman 2011-02-07

Counselling for Alcohol Problems, third edition, is a practical and bestselling guide to working with people who have problems with their use of alcohol. It is the key book recommended by most alcohol counselling courses in the UK, including the Scottish national alcohol counsellors training scheme. The author provides clear guidance for

counsellors and demonstrates the need to treat every client as an individual, attempting to understand and therefore enable the client to understand, what they are doing and why. This new edition includes: - New content on the current political, social and counselling context surrounding alcohol use - A wider range of case-studies - New ideas that help students and trainees develop the skills and strategies they need for working with their clients - Further guidance for generic or non-alcohol counsellors who face alcohol problems with their clients. This third edition is an invaluable resource for practitioners, both those specialising in work with alcohol misusers and those who encounter problem drinkers in the context of a more general counselling practice.

So The Wind Won't Blow It All Away - Richard Brautigan 2011-12-01

In a small Pacific Northwest town we meet a young man who has shot dead his best friend with a gun. The novel deals with the

repercussions of this tragedy: the anguish, regret, despair and bittersweet romance. Typical of Brautigan's singular style, *So the Wind Won't*

Blow it all Away is a beautifully written, brooding novel. Its autobiographical prose is a fitting epitaph to this complex, contradictory and often misunderstood writer.
