

Stargate Rediscovered Classics

This is likewise one of the factors by obtaining the soft documents of this **Stargate Rediscovered Classics** by online. You might not require more mature to spend to go to the book opening as competently as search for them. In some cases, you likewise accomplish not discover the notice Stargate Rediscovered Classics that you are looking for. It will categorically squander the time.

However below, in the manner of you visit this web page, it will be fittingly utterly simple to acquire as with ease as download lead Stargate Rediscovered Classics

It will not take on many era as we explain before. You can complete it though act out something else at home and even in your workplace. suitably easy! So, are you question? Just exercise just what we have the funds for under as skillfully as evaluation **Stargate Rediscovered Classics** what you in imitation of to read!

The Science of Interstellar - Kip Thorne 2014-11-07

A journey through the otherworldly science behind Christopher Nolan's award-winning film, *Interstellar*, from executive producer and Nobel Prize-winning physicist Kip Thorne. *Interstellar*, from acclaimed filmmaker Christopher Nolan, takes us on a fantastic voyage far beyond our solar system. Yet in *The Science of Interstellar*, Kip Thorne, the Nobel prize-winning physicist who assisted Nolan on the scientific aspects of *Interstellar*, shows us that the movie's jaw-dropping events and stunning, never-before-attempted visuals are grounded in real science. Thorne shares his experiences working as the science adviser on the film and then moves on to the science itself. In chapters on wormholes, black holes, interstellar travel, and much more, Thorne's scientific insights—many of them triggered during the actual scripting and shooting of *Interstellar*—describe the physical laws that govern our universe and the truly astounding phenomena that those laws make possible. *Interstellar* and all related characters and elements are trademarks of and © Warner Bros. Entertainment Inc. (s14).

Riders of the Purple Sage - Zane Grey 2019-10-02

Riders of the Purple Sage tells the story of Jane Withersteen and her battle to overcome persecution by members of her polygamous Mormon fundamentalist church. A leader of the church, Elder Tull, wants to marry her. Withersteen gets help from a number of friends, including Bern Venters and Lassiter, a notorious gunman and killer of Mormons. She struggles with her "blindness" to the evil nature of her church and its leaders, and tries to keep Venters and Lassiter from killing the adversaries who are slowly ruining her.

Stargate Conspiracy - Lynn Picknett 2019-02-07

Recent exciting discoveries by independent researchers have dramatically challenged our understanding of ancient Egypt, raising profound questions about our past. STARGATE CONSPIRACY exposes the most insidious & dangerous plan of our times. It involves intelligence agencies, politicians, bestselling writers, scientists & industrialists. The authors believe that this conspiracy, centred upon the eternal mysteries of ancient Egypt, targets & threatens us all. Tracing the identity of the groups involved, Lynn Picknett & Clive Prince argue that at the heart of this strange plan is the belief that the ancient Egyptian gods were-and are-real extraterrestrials, about to return through the 'stargate' between our world & theirs. They suggest that the US-funded excavations on the Giza plateau - officially denied, but for which the authors produce documented evidence - now appear to be the result of directives allegedly received through communication with beings of higher intelligence, who are instructing the conspirators to lay the foundations for great global changes. Provocative & stimulating, STARGATE CONSPIRACY is a book of and for the new millennium.

Jaghatai Khan - Chris Wraight 2018-07-24

As the Great Crusade burns across the stars, the primarch of the White Scars, Jaghatai Khan, must decide where his true allegiance lies. Ever since the Imperium's rediscovery of the world of Chogoris, the White Scars' culture of warrior mysticism has sat uneasily with the ideals of Unity. As the Great Crusade burns across the stars, their enigmatic primarch Jaghatai Khan fights to preserve his Legion's distinctiveness amid a galaxy where cold rationality holds sway. Despite his self-imposed isolation, others in the brotherhood of primarchs seek to draw him into the greatest ideological battle of them all: the place of psychic power within the Legions. As the Librarius project is born, and opposition to it grows, the Khan must decide where his greatest allegiance lies - to the Imperial Truth, or to his own heritage.

Model-Based Machine Learning - Taylor & Francis Group 2018-12-07

Primary Inversion - Catherine Asaro 1996-05-15

A rivalry between the Skolian and Trader empires escalates into all-out war that threatens to bring every Skolian citizen into slavery or result in the destruction of both sides. Reprint.

The Montauk Project - Experiments in Time - Preston B. Nichols 2018-11-14

Personal story of Preston Nichols and how radar was used to manipulate matter and time itself beginning with the Philadelphia Experiment and was further developed at Montauk. This edition includes the original text plus details over two decades worth of investigation leading to the scientific proof of actual time travel capabilities plus patent.

Child of the Morning - Pauline Gedge 1977

Reared by her Pharaoh father to assume his throne upon his death, Hatshepsut - a real historical figure - has to contend with her weak half-brother before she can realize her dream.

Twelfth Transforming - Pauline Gedge 2018-04-01

In *The Twelfth Transforming*, bestselling author Pauline Gedge returns to ancient Egypt to reveal the mysterious reign of Akhenaten, the impetuous pharaoh who threatened to ruin his country. The dramatic story of Akhenaten's disastrous ruling is also the tale of Empress Tiye, a mother struggling to save her land from the catastrophe of her son's choices. Gedge's vivid descriptions of imperial court life among the lushness of the Nile and the desiccation of the desert lands will enthrall readers seeking an evocative tale of power, dynasty, family and curses, all set in the enchanting world of ancient Egypt.

The Rainbow Trail Illustrated - Zane Grey 2021-04-30

"The Rainbow Trail, also known as The Desert Crucible, is Western author Zane Grey's sequel to *Riders of the Purple Sage*. Originally published under the title *The Rainbow Trail* in 1915, it was re-edited and re-released in recent years as *The Desert Crucible* with the original manuscript that Grey submitted to publishers. The novel takes place ten years after events of *Riders of the Purple Sage*. The wall to Surprise Valley has broken, and Jane Withersteen is forced to choose between Lassiter's life and Fay Larkin's marriage to a Mormon."

Brainboy and the DeathMaster - Tor Seidler 2010-09-14

A fast-paced, high-tech, mystery-adventure from the author of the National Book Award finalist *Mean Margaret*.

How I Became a Quant - Richard R. Lindsey 2011-01-11

Praise for *How I Became a Quant* "Led by two top-notch quants, Richard R. Lindsey and Barry Schachter, *How I Became a Quant* details the quirky world of quantitative analysis through stories told by some of today's most successful quants. For anyone who might have thought otherwise, there are engaging personalities behind all that number crunching!" --Ira Kawaller, Kawaller & Co. and the Kawaller Fund "A fun and fascinating read. This book tells the story of how academics, physicists, mathematicians, and other scientists became professional investors managing billions." --David A. Krell, President and CEO, International Securities Exchange "How I Became a Quant should be must reading for all students with a quantitative aptitude. It provides fascinating examples of the dynamic career opportunities potentially open to anyone with the skills and passion for quantitative analysis." --Roy D. Henriksson, Chief Investment Officer, Advanced Portfolio Management "Quants"--those who design and implement mathematical models for the pricing of derivatives, assessment of risk, or prediction of market movements--are the backbone of today's investment industry. As the greater volatility of current financial markets has driven investors to seek shelter from increasing uncertainty, the quant revolution has given people the opportunity to avoid unwanted financial risk by literally trading it away, or more specifically, paying someone else to take on the

unwanted risk. How I Became a Quant reveals the faces behind the quant revolution, offering you the chance to learn firsthand what it's like to be a quant today. In this fascinating collection of Wall Street war stories, more than two dozen quants detail their roots, roles, and contributions, explaining what they do and how they do it, as well as outlining the sometimes unexpected paths they have followed from the halls of academia to the front lines of an investment revolution.

Expanded Cinema - Gene Youngblood 2020-03-03

Fiftieth anniversary reissue of the founding media studies book that helped establish media art as a cultural category. First published in 1970, Gene Youngblood's influential *Expanded Cinema* was the first serious treatment of video, computers, and holography as cinematic technologies. Long considered the bible for media artists, Youngblood's insider account of 1960s counterculture and the birth of cybernetics remains a mainstay reference in today's hypermediated digital world. This fiftieth anniversary edition includes a new Introduction by the author that offers conceptual tools for understanding the sociocultural and sociopolitical realities of our present world. A unique eyewitness account of burgeoning experimental film and the birth of video art in the late 1960s, this far-ranging study traces the evolution of cinematic language to the end of fiction, drama, and realism. Vast in scope, its prescient formulations include "the paleocybernetic age," "intermedia," the "artist as design scientist," the "artist as ecologist," "synaesthetics and kinesthetics," and "the technosphere: man/machine symbiosis." Outstanding works are analyzed in detail. Methods of production are meticulously described, including interviews with artists and technologists of the period, such as Nam June Paik, Jordan Belson, Andy Warhol, Stan Brakhage, Carolee Schneemann, Stan VanDerBeek, Les Levine, and Frank Gillette. An inspiring Introduction by the celebrated polymath and designer R. Buckminster Fuller—a perfectly cut gem of countercultural thinking in itself—places Youngblood's radical observations in comprehensive perspective. Providing an unparalleled historical documentation, *Expanded Cinema* clarifies a chapter of countercultural history that is still not fully represented in the arthistorical record half a century later. The book will also inspire the current generation of artists working in ever-newer expansions of the cinematic environment and will prove invaluable to all who are concerned with the technologies that are reshaping the nature of human communication.

The Eagle and the Raven - Pauline Gedge 2007-10-28

Spanning three generations, this historical novel tells the tale of Boudicca, the most famous warrior of ancient Britain, and Caradoc, the son of a Celtic king, who sets out to unite the people of the Raven and lead them against Rome. Caradoc's objective is not easily accomplished as the Roman army advances into Britain, raping Celtic women and burning villages to the ground. His efforts are also met with fierce opposition from Aricia, the vain queen of a northern tribe who swears allegiance to the Romans after Caradoc slights her, and from Gladys, Caradoc's warrior sister who falls in love with her Roman captor. Unfortunately, Caradoc's endeavors are left unresolved when he is taken prisoner, but Boudicca, a strong-willed woman, ultimately takes up the cause that was Caradoc's legacy.

Sharkpunk - Cox, Kit 2015-05-01

SHARKPUNK: an anthology of killer shark stories. Sharks - the ultimate predators, masters of their watery domain, a world that is entirely alien and inhospitable to man. So many aspects of the shark are associated with humankind's most primal fears. The tell-tale dorsal fin slicing through the water, the dead eyed-stare, the gaping jaws full to unforgiving teeth, the remorseless drive to kill and feed... Inspired by such classic pulp movies as *Jaws* and *Deep Blue Sea* - as well as such ludicrous delights as *Sharknado* and *Mega Shark vs Giant Octopus* - the stories contained within are rip-roaring page-turners and slow-build chillers that celebrate all things savage, pulp and selachian. Covering the whole range of speculative fiction genres, from horror and Steampunk, through to SF and WTF, these are stories with bite! Come on in. The water's fine...

Newton's Wake - Ken MacLeod 2007-04-01

With visionary epics like *The Stone Canal*, *The Cassini Division*, and *Cosmonaut Keep*, award-winning Scottish author Ken MacLeod has led a revolution in contemporary science fiction, blending cutting edge science and razor-sharp political insights with pure, over-the-top interstellar adventure. Now MacLeod takes this heady mix to a new level with a stunning new SF masterwork--*Newton's Wake*. In the aftermath of the *Hard Rapture*--a cataclysmic war sparked by the explosive evolution of Earth's artificial intelligences into godlike beings--a few remnants of

humanity managed to survive. Some even prospered. Lucinda Carlyle, head of an ambitious clan of galactic entrepreneurs, had carved out a profitable niche for herself and her kin by taking control of the Skein, a chain of interplanetary star-gates left behind by the posthumans. But on a world called Eurydice, a remote planet at the farthest rim of the galaxy, Lucinda stumbled upon a forgotten relic of the past that could threaten her way of life. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The King's Man - Pauline Gedge 2011-03-01

Twelve-year-old Amunhotep III has ascended the throne, becoming king of the richest empire on earth. The boy's mother acts as regent, but she has brought to court the renowned seer, Huy, son of a humble farmer, to be scribe and counsel to her royal son. It's a position of power and responsibility—one fraught with intrigue and the lure of corruption. For it is Huy who controls the treasury, the military, all construction, and taxation—and perhaps most important, it's his task to choose the young Pharaoh's queen. His actions and premonitions, as well as his legendary past, make him very few friends and a great many enemies... *The King's Man* continues the story of Huy—first seen in *The Twice Born and Seer of Egypt*—and his rise to power and fame. With her meticulous research and compelling prose, Pauline Gedge immerses readers in the ancient and fascinating culture that was Egypt.

Lady of the Reeds - Pauline Gedge 1997-02-01

In ancient Egypt, an intelligent, ambitious woman named Thu, leaves her native village aboard the boat of a prophet and eventually becomes a powerful concubine of Ramses III.

House of Illusions - Pauline Gedge 2007-09-04

For many years, Thu has lived in exile, writing the tragic history of her life as the favourite concubine of Ramses III—and her role in the conspiracy to kill him. A young soldier, Kamen, has read her words and believes her testimony that she was not acting alone. When Kamen shows Thu's manuscript to his general, he unknowingly sets in motion a stirring drama of revenge and punishment, miraculous disclosures, and unexpected vindication. *House of Illusions* is the stunning sequel to the bestselling *House of Dreams*, and brings Thu's story to its surprising and dramatic conclusion.

The Transmigration of Souls - William Barton 1996-01-01

In the changing political and economic world of the 21st century, America has established a permanent Moonbase, along with manned expeditions to near Earth asteroids. During an archaeological dig on the Moon, Americans discover an alien base with what appears to be teleportation and time travel equipment. But where are the aliens.

Egyptscape - Omar Zuhdi 2013-11

Egyptscape is a free-wheeling adventure story involving time travel, an out of work Egyptologist, and a government sponsored experiment that opened the door to a long-dead ancient civilization, and the inevitable contamination due to the crossing of time.

Crazy 4 Cult: Cult Movie Art 2 - Gallery 1988 2013-10-15

INTRODUCING THE SECOND CULT MOVIE-ART BOOK FROM GALLERY 1988, ONE OF THE WORLD'S MOST TALKED ABOUT ART GALLERIES! An impressive cult movie art collection, featuring art from Gallery 1988, a Los Angeles art gallery that focuses on pop-culture themed artwork. Be prepared to see your favourite cult movies as you've never seen them before! This second volume of *Cult Movie Art* collects the best of the last two years of the show, with pieces inspired by *Escape From New York*, *Shaun of the Dead*, *Ghostbusters*, *The Princess Bride*, *The Big Lebowski* and many more. Gallery 1988's annual cult movie-inspired *Crazy 4 Cult* art show has become a phenomenon. 2012's show moved from LA for the first time, with a triumphant opening in New York *Stargate* - Pauline Gedge 2016-07-01

In the earliest years of the history of the universe, the Worldmaker has turned against his creations with unaccountable malice. One by one the ruling sun lords of each solar system have fallen, succumbing to the lure of forbidden knowledge. The terrible punishment for their crime is isolation—the Gates connecting their worlds to the rest of the cosmos are sealed off. Their innocence lost, their civilizations hopelessly corrupted, the immortal sun people are condemned to languish with their subjects in an eternity of solitude. With courageous and often desperate measures the remaining sun lords now prepare themselves and their subjects for a battle unlike any they have ever imagined. The final struggle has begun. Unfolding with epic power, *Stargate* is conceived with a richness, subtlety, and depth that set it apart from most fantasy fiction. And like Pauline Gedge's critically acclaimed historical novels, it is written with a vividness that is unforgettable. First published in 1982 but long out of print, *Stargate* is destined to be rediscovered and treasured as a major

classic of fantasy literature.

The Road to Avalaon - Joan Wolf 2021-08-17

Shimmering with pageantry, emotion and the court's passionate intrigues, here is the epic story of Arthur—the conqueror, the once and future king, who vanquished the Saxons and loved but one woman, the beautiful Morgan of Avalon. She was the lover his country forbade him to wed but could never keep him from desiring. Held captive by deep feelings, the two dream of one future together...until fate sweeps them into a world where love is balanced on the knife's edge of danger. Never before has the telling of the story of Arthur made the drama of this charismatic king more real or more moving. Here, a legend and a tale so vigorous with heroic deed and conflict, so glowing with wondrous love, are brought close enough for us to experience all the unforgettable emotions of Avalon...and all the magical moments of Camelot...

Lame Fate | Ugly Swans - Arkady Strugatsky 2020-08-04

Today, Arkady and Boris Strugatsky are counted among the best science fiction writers of the twentieth century, but their relationship with the late-Soviet literary establishment in their home country of Russia was often fraught. Acclaimed during the brief Khrushchev Thaw, the Strugatskys began to fall from grace in the late 1960s as publishers became increasingly reluctant to release their works. The authors' inability to publish, however, diminished neither their productivity nor their popularity among readers. Their novels and short stories, retyped by hand, circulated widely through unofficial channels within the Soviet Union and occasionally turned up abroad in unauthorized translation. The nested novels *Ugly Swans* and *Lame Fate* offer insight into this period of enforced silence. Never before translated into English, *Lame Fate* is the first-person account of middle-aged author Felix Sorokin. When the Soviet Writers' Union asks him to submit a writing sample to a newfangled machine that can supposedly evaluate the "objective value" of any literary work, he faces a dilemma. Should he present something establishment-approved but middling, or risk sharing his unpublished masterpiece, which has languished in his desk drawer for years? Sorokin's masterwork is *Ugly Swans*, previously published in English as a standalone work but presented here in an authoritative new translation. *Ugly Swans* chronicles the travails of disgraced literary celebrity Victor Banev, who returns to his provincial hometown to find it haunted by the mysterious clammys—black-masked men residing in a former leper colony. Possessing supernatural talents, including the ability to control the weather, the clammys terrify the town's adult population but enthrall its teenagers, including Banev's daughter Irma. Together, *Lame Fate* and *Ugly Swans* illuminate some of the Strugatskys' favorite themes—the (im)possibility of political progress, the role of the individual in society, the nature of honor and courage, and the enduring value of art—in consummately entertaining fashion. By turns chilling, uproarious and moving, these intertwining stories are sure to delight readers from all walks of life.

In Search of the Labyrinth - Nicoletta Momigliano 2020-09-03

In Search of the Labyrinth explores the enduring cultural legacy of Minoan Crete by offering an overview of Minoan archaeology and modern responses to it in literature, the visual and performing arts, and other cultural practices. The focus is on the twentieth century, and on responses that involve a clear engagement with the material culture of Minoan Crete, not just with mythological narratives in Classical sources, as illustrated by the works of novelists, poets, avant-garde artists, couturiers, musicians, philosophers, architects, film directors, and even psychoanalysts - from Sigmund Freud and Marcel Proust to D.H. Lawrence, Cecil Day-Lewis, Oswald Spengler, Nikos Kazantzakis, Robert Graves, André Gide, Mary Renault, Christa Wolf, Don DeLillo, Rhea Galanaki, Léon Bakst, Marc Chagall, Mariano Fortuny, Robert Wise, Martin Heidegger, Karl Lagerfeld, and Harrison Birtwistle, among many others. The volume also explores the fascination with things Minoan in antiquity and in the present millennium: from Minoan-inspired motifs decorating pottery of the Greek Early Iron Age, to uses of the Minoans in twenty-first-century music, poetry, fashion, and other media.

Tales of Masks & Mayhem - Tom Johnson 2005-03-30

Neo-pulp heroes

Finding Serenity - Jane Espenson 2005-03-11

Presenting a series of essays about the cancelled television program "Firefly," discussing the cult appeal of its characters, the difficulties of its plot, and the conflict between its creator and television executives which caused its run to be short-lived.

Child of the Morning - Pauline Gedge 2010

Reared by her Pharaoh father to assume his throne upon his death, Hatshepsut - a real historical figure - has to contend with her weak half-

brother before she can realize her dream.

Nefer the Silent - Christian Jacq 2000-04

In the first volume of a four-volume novel set in ancient Egypt, a desert wanderer blocks a plot to steal a gemstone with supposed magical powers.

Our Occulted History - Jim Marrs 2013-02-12

Bestselling author Jim Marrs steps once again to the cutting-edge of research into conspiracies and hidden truths. In *Our Occulted History*, Marrs goes beyond the revelations of his classic *Alien Agenda* and illustrates how human civilization may have originated with non-humans who visited earth eons ago...and may still be here today *Our Occulted History: Do the Global Elite Conceal Ancient Aliens?* is an extensive survey that includes a mass of well-documented scientific and historical texts and sources. It will change the way you view the origins of mankind and the current state of society. No subject is too controversial for Marrs, an award-winning journalist whose other investigative works include *Crossfire: The Plot That Killed Kennedy*, the basis for the Oliver Stone film *JFK*; *Rule by Secrecy*; and *The Trillion-Dollar Conspiracy*.

Hard to Be a God - Arkady Strugatsky 2014-06-01

Arkady and Boris Strugatsky are widely known as the greatest Russian writers of science fiction, and their 1964 novel *Hard to Be a God* is considered one of the greatest of their works. It tells the story of Don Rumata, who is sent from Earth to the medieval kingdom of Arkanar with instructions to observe and to influence, but never to directly interfere. Masquerading as an arrogant nobleman, a dueler and a brawler, Don Rumata is never defeated but can never kill. With his doubt and compassion, and his deep love for a local girl named Kira, Rumata wants to save the kingdom from the machinations of Don Reba, the First Minister to the king. But given his orders, what role can he play? *Hard to Be a God* has inspired a computer role-playing game and two movies, including Aleksei German's long-awaited swan song. Yet until now the only English version (out of print for over thirty years) was based on a German translation, and was full of errors, infelicities, and misunderstandings. This new edition—translated by Olena Bormashenko, whose translation of the authors' *Roadside Picnic* has received widespread acclaim, and supplemented with a new foreword by Hari Kunzru and an afterword by Boris Strugatsky, both of which supply much-needed context—reintroduces one of the most profound Soviet-era novels to an eager audience.

The Essential Cult TV Reader - David Lavery 2021-09-15

The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, *The Essential Cult TV Reader* traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as *Star Trek*, *The Avengers*, *Dark Shadows*, and *The Twilight Zone* to popular contemporary shows such as *Lost*, *Dexter*, and *24*, addressing the cultural context that allowed the development of the phenomenon. The contributors investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. *The Essential Cult TV Reader* answers many of the questions surrounding the form while revealing emerging debates on its future.

The Rainbow Trail - Zane Grey 2021-05-10

A mysterious stranger, looking for a change in scenery, discovers a small Mormon community where a grown-up Fay Larkin has been taken against her will. Like its predecessor, *The Rainbow Trail* highlights the oppression of women within their religion. Following the events of *Riders of the Purple Sage*, polygamy has become a hidden practice among fundamentalist Mormons. Instead of living publicly, they've built an isolated village of sealed wives reserved for church elders. Fay Larkin, the adopted daughter of heroine Jane Withersteen, suddenly falls victim to the secret practice. This coincides with the arrival of John Shefford, a failed minister who's hot on the trail of Fay and her captors. *The Rainbow Trail* is a romance western driven by social commentary. It's a compelling story with a beautiful setting and engaging characters. Grey delivers a worthy follow-up to his most celebrated and culturally relevant work. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Rainbow Trail* is both modern and readable.

Demons on the Couch - Michael J. Sersch 2019-01-03

Belief in possession, including from demonic forces, has ancient roots and continues into the modern world, especially among certain communities. This has been shown in books, movies, places of worship, and in the therapy office. This book traces the global history of possession and looks at ways contemporary mental health professionals can help a person who believes themselves to be possessed. Written especially for clinicians, but interesting to a wide variety of readers, this book uses a variety of disciplines, including cultural studies, psychology, and personal experiences, to try and understand the phenomenon from as wide a perspective as possible, including interviews with exorcists from various backgrounds. Both believers and sceptics will find this to be a fascinating study of a controversial topic.

Evolution's End - C. Daniels 2016-04-15

Two centuries have passed since thermonuclear war devastated the Earth. Miracle breakthroughs by Striker Industries reclaimed Earth and brought colonization to the solar system. Meanwhile, unexplained disappearances and tragic accidents point to a darker intent by Striker. Admiral Nicholas Dante suspects a plot against the Earth Alliance, but without evidence and few to trust, his only hope is family. Kate Dante, accused traitor to Earth, now undercover on Mars, is also investigating a case of missing ships and their crews when her brother Michael arrives with a mission of his own, putting them both in peril. Now her hope is to survive long enough to complete her mission, save her brother, and return him to their lunatic father as events threaten to overwhelm them all. No one is more aware of that horror than Kristin Dante, first officer of the starship Bonaventure. Responding to a distress call, Kristin and her crew discover firsthand the horror that will soon be on the Alliance doorstep. Caught in a struggle against the odds, their only chance is to put old family rivalries and issues behind them. The Dantes' find themselves at the forefront of a war for survival against an evil alien threat. But will years of dysfunctional family history be the end of us all?

The Ultimate Time Machine - Joseph McMoneagle 2015-01-11

Joseph McMoneagle is an extraordinary remote viewer, a "psychic spy," whose experiences have given him a special insight into the nature of time and human perception. For more than seventeen years, he was a researcher and remote viewer for the top-secret Army project STARGATE. For years after that, he journeyed through time while working in a consciousness-development lab with out-of-body experience pioneer Robert A. Monroe. McMoneagle explores the questions that philosophers have for centuries debated: Does time really exist? Do our actions today really affect our future? Can we change the past? Do we slip between alternate realities? In *The Ultimate Time Machine*, McMoneagle delivers new insights into these mysteries, including: First-hand information-including transcripts from lab sessions-on the origins of humanity, the crucifixion of Jesus Christ, and the building of the Egyptian pyramids. Provocative suggestions about the nature of time, creation, and a constantly changing past. A detailed picture of our immediate future through the year 2075. More than 150 very explicit predictions on world population, aging, religious fragmentation, lifestyle changes, technological developments, and dozens of major changes to laws, customs and practices-all within a positive and constructive framework. A vision of the year 3000, comprising a test of what the author calls the "Verne Effect"-our ability to create and manipulate our future.

The Alpha Omega Taurus Star Gate - Wayne Herschel 2019-11-15

THE ALPHA OMEGA TAURUS STAR GATE This full color edition will interest both modern truth seekers and also those of a firm belief. Although it reveals the reality of those we call 'angels', it beckons the reader to keep an open mind as to how these 'angels' can be scientifically justified. In doing so, the new findings take the reader to a whole new level that verifies the benevolence of these visitors from above and all the sacred teachings about them. Exposing historical subject matter pertaining to both the paranormal and 'ancient alien' genre that has been deemed 'forbidden', this book brings to light some key prophecy breakthroughs encoded in the biblical Revelation; the discovery of real historical star gate devices; a cosmic address; and the probability of an imminent cosmic visitor event. It is a book that is anything but fiction! Due to the high-risk journey undergone in publishing 'The Hidden Records Chronicles' series, the author has deliberately opted for a less academic, far 'safer' New Age style in the presentation of the content rather than an academic one. Moreover, this publication has 'embedded' in it a very deep psychological spiritual inspiration that readers will experience acting deeply on the psyche - subconsciously lifting the veil to awaken one's consciousness. The year 2017 saw a massive chamber

uncovered inside the Great Pyramid. What can we expect to find in it? How can we be sure what it is? The ancients have left a record of it... a 'device'... a star gate! The same year also marked the first ever sighting of a deep-space-origin cylindrical object passing through our solar system. The powers that be were persistent in trying to make it look like a comet but provided no answer as to how it could alter its speed. It was not a rock and the timing of it coincides with this book's new discoveries. The author's first book 'The Hidden Records' published in 2003 compellingly decodes secret symbols and ancient star maps in all ancient civilisations, shocking his readers with his very original Pleiades/Orion star-map star-visitor human origins theory identifying the 'x' that marks the spot. All facts considered; it boldly proposes that humanity originated from one of three sun-like stars near the Pleiades as an arrival. Defining the 'first time' for civilisation on Earth and replacing the doomed Neanderthal. Now with the launch of this 'end times' book, Wayne Herschel takes his established theories a notch higher. This new book begs the question: Are we actually in the 'end times', the end of a chaos period, beginning a new way forward and unveiling what might be an official prophesied 'first contact' event? The two enigmatic symbols of the Alpha and Omega reveal a message. And when compared to segments of the book of Revelation texts, the unthinkable is revealed by these symbols. A hidden world crisis is identified occurring right now, coinciding with an end time prophecy and the relevance of star gates, as well as a revival of the lost knowledge of the actual star gate devices! Readers get to go on a non-dramatized journey with a real symbologist using reasoning and logic, painstakingly decoding each clue previously deemed forbidden. Who would have imagined that the recent deep space object called Oumuamua and the discovery of Atlantis would be tied in with the star maps, the star gate and our amazing ancient-'alien' angelic-bloodline human past? It has 285 pages and detailed full-color graphics and images. There is also the means to access an online gateway with hyperlink-referenced links to free view extra content (limited offer for anyone who purchases the paperback).

The Hidden Records - Wayne Herschel 2003-01-01

Wayne Herschel, in a culmination of 15 years of research on archaeo-astronomy, has stumbled upon an extraordinary secret that appears to link Leonardo Da Vinci to the Solomon key, Stonehenge and the enigma behind the pyramids. Herschel stumbled on Da Vincis secret geometry at Giza. He realized that all 50 of the pyramids of Lower Egypt appear to represent the brightest stars along the entire length of the Milky Way. But more importantly, as one would expect in any 'treasure' map, there is the proverbial x that marks the spot. The decipherable cosmic codex suggests the unthinkable it claims cryptically that human lineage is not of this Earth! He goes on to prove that Stonehenge has the same cosmic solution and the pyramid layouts of the Maya, the Incas, the Khmer and many others around the world, all repeat the same star map theme. Why would they all exhibit the same obsession with one nearby Sun-like star in Taurus, a star that they insist is the star of the gods? Is this the reason for the ancients bull worship? If so, it was not at all our Sun that the ancients venerated. This 289-page A4 full colour glossy book takes the reader on a riveting journey from one clue to the next, presenting numerous forgotten ancient texts and artefact depictions. Find out where the ultimate pyramid star map has been discovered see the shocking new images and why this controversial finding is sending scholars running for the woods. The Hidden Records presents the strongest evidence to date that we have never ever been alone in this vast universe.

Hollyweird Science - Kevin R. Grazier 2015-07-27

Lighthearted, quirky, and upbeat, this book explores the portrayal of science and technology on both the big and little screen -- and how Hollywood is actually doing a better job of getting it right than ever before. Grounded in the real-world, and often cutting-edge, science and technology that inspires fictional science, the authors survey Hollywood depictions of topics such as quantum mechanics, parallel universes, and alien worlds. Including material from interviews with over two dozen writers, producers, and directors of acclaimed science-themed productions -- as well as scientists, science fiction authors, and science advisors -- *Hollyweird Science* examines screen science fiction from the sometimes-conflicting vantage points of storytellers, researchers, and viewers. Including a foreword by Eureka co-creator and executive producer Jaime Paglia, and an afterword by astronomer and science fiction author Michael Brotherton, Ph.D., this book is accessible to all readers from the layperson to the armchair expert to the professional scientist, and will delight all of them equally.
