

Subway

Yeah, reviewing a ebook **Subway** could amass your near associates listings. This is just one of the solutions for you to be successful. As understood, capability does not recommend that you have astonishing points.

Comprehending as with ease as settlement even more than supplementary will manage to pay for each success. next-door to, the statement as well as insight of this Subway can be taken as capably as picked to act.

On the Subway - Kurt Boone 2009

"On The Subway" is an exciting poetry book about the experiences of a subway rider.

Lost in NYC - Nadja Spiegelman 2015-04-07

"After getting separated from his teacher, his classmates, and his trip partner during an outing to the Empire State Building, Pablo, the new kid in school, learns to navigate the New York City subway system as well as his own feelings towards making newfriends and living in a big city"--Provided by publisher.

The Absolute Beginner's Guide to the New York Subway - Minh T. Nguyen 2013-11

The most convenient way to travel in New York City is by subway, but many first-time tourists, and even locals find the complexity of the system intimidating and confusing. Whether you are a first-time visitor or have struggled to use the subway in the past, this guide is for you! This book makes absolutely no assumptions about what you know about taking public transportation in New York. Illustrated with more than 70 pictures and figures, this detailed guide breaks down everything you need to know about using the subway. Filled with detailed information and many pictures, this guide will alleviate your fear and confusion about taking the subway and allow you to navigate it confidently and effectively. What this guide includes: - A step-by-step guide on how to use the subway - Dealing with weekend and weeknight service changes - 70+ pictures and figures allowing you to visually understand the system - Tips, tricks, and subway etiquette - Getting from New York's three major airports into Manhattan

Subway City - Michael W. Brooks 1997

Traces the development of the subway from its inception to its decline as an overcrowded and dangerous part of city life - Explores how it has been represented in film and art - Gives women's experiences of the subway - Examines the city's racial tensions - Skyscrapers - Spatial layout of the city - Urban space.

Down in the Subway - Miriam Cohen 2003

On a hot day on the subway, Oscar spies the "Island Lady," who proceeds to pull an island breeze, Caribbean foods, and even a steel drum band out of her bag to share with her fellow travelers.

Between the Lines - Uli Beutter Cohen 2021-11-09

"From the creator of the popular instagram account Subway Book Review comes a collection of over 150 of the most fascinating and inspiring stories from strangers on the subway--a glorious document of who we are, where we're going, and the stories that unite us"--

Curious George Subway Train Adventure - H.A. Rey 2016-11-01

In this Level 2 Green Light Reader based on the Emmy Award-winning PBS show, George can't believe his luck when he gets to visit the zoo and ride there on the subway! George is so excited to take the underground train for the first time that he jumps right on, leaving the man with the yellow hat behind in the terminal! Can George maneuver the speedy subway in order to find his friend—and get to the zoo? This subway adventure teaches the basics of reading a map, understanding different directions of travel, and problem-solving, and also includes bonus activities to help reinforce those concepts.

Subway Art - Martha Cooper 1984

Traces the history of New York graffiti, shows a variety of painted subway cars, and describes the graffiti writers and how they work

Subway Scrawl - Martin Ander 2017-09

Hundreds of millions travel by underground train every day. The subway is one of the world's most common means of transport and an environment where many of us spend a great deal of time. Subway cars are important canvases for the artists behind one of the most widespread modern art movements today - graffiti. Subway Scrawl is a collection of 10 classic subway designs in a practical notepad. Bring out your creative side and add your own personality to the cars. Try your hand at making a New York subway wholecar, scribble diary notes or write a to do list on a London Underground car. Features 10 blank

subway cars of each of the following cities: New York, London, Paris, Chicago, Hamburg, Berlin, Toronto, Moscow, Rome and Stockholm.

Cincinnati's Incomplete Subway - Jacob R. Mecklenborg 2010

What of those ghostly catacombs that lie dormant below city streets?

Those subway tunnels, never finished, never filled with the screeches of trains and the busy commotion of commuters. Just there. Dead. You've heard of the subway's demise. The tunnels were too narrow. The city was too broke. A grand miscalculation. Well, most of what you've heard is, sorry to say, untrue. The popular story of the subway's demise is myth-laden and as incomplete as the original plan. The full story, long buried in mounds of public records dispersed in libraries, is now revealed. Local author Jacob R. Mecklenborg emerges from those dusty tomes with a fresh, thought-provoking, full examination of the subway's demise and what its future might hold.

Helvetica and the New York City Subway System - Paul Shaw 2011-02-11

How New York City subway signage evolved from a "visual mess" to a uniform system with Helvetica triumphant. For years, the signs in the New York City subway system were a bewildering hodge-podge of lettering styles, sizes, shapes, materials, colors, and messages. The original mosaics (dating from as early as 1904), displaying a variety of serif and sans serif letters and decorative elements, were supplemented by signs in terracotta and cut stone. Over the years, enamel signs identifying stations and warning riders not to spit, smoke, or cross the tracks were added to the mix. Efforts to untangle this visual mess began in the mid-1960s, when the city transit authority hired the design firm Unimark International to create a clear and consistent sign system. We can see the results today in the white-on-black signs throughout the subway system, displaying station names, directions, and instructions in crisp Helvetica. This book tells the story of how typographic order triumphed over chaos. The process didn't go smoothly or quickly. At one point New York Times architecture writer Paul Goldberger declared that the signs were so confusing one almost wished that they weren't there at all. Legend has it that Helvetica came in and vanquished the competition. Paul Shaw shows that it didn't happen that way—that, in fact, for various reasons (expense, the limitations of the transit authority sign shop), the typeface overhaul of the 1960s began not with Helvetica but with its forebear, Standard (AKA Akzidenz Grotesk). It wasn't until the 1980s and 1990s that Helvetica became ubiquitous. Shaw describes the slow typographic changeover (supplementing his text with more than 250 images—photographs, sketches, type samples, and documents). He places this signage evolution in the context of the history of the New York City subway system, of 1960s transportation signage, of Unimark International, and of Helvetica itself.

722 Miles - Clifton Hood 2004-08-23

A thorough history follows the evolution of the New York subway system from visionary idea, through political machinations and feats of urban planning, to engineering reality, and looks at the diverse ways in which mass transportation has shaped New York City and the lives of its inhabitants. Reprint.

I Am the Subway - Hyo-ün Kim 2022-01-13

A cinematic journey through the Seoul subway that masterfully portrays the many unique lives we travel alongside whenever we take the train. A poetic translation of the bestselling Korean picture book. Accompanied by the constant, rumbling ba-dum ba-dum of its passage through the city, the subway has stories to tell. Between sunrise and sunset, it welcomes and farewells people, and holds them -- along with their joys, hopes, fears, and memories -- in its embrace. Originally published in Korean and brought to English-speaking audiences with the help of renowned translator Deborah Smith (The Vegetarian), I Am the Subway vividly reflects the shared humanity that can be found in crowded metropolitan cities. □ '[S]ensitive, closely observed portraits.' --Publishers Weekly □ 'A contemplative, poignant rendering of everyday journeys.' --Kirkus Reviews □ '[B]eautiful and unusual.' --Youth Services Book Review □ 'Bewitching.' --Foreword Reviews □ 'A poetic tribute to Seoul and its

people, I Am the Subway makes for an unforgettable journey.' --BookPage
Subway - John E. Morris 2020

"New York wouldn't be New York without the subway. This one-time engineering marvel that united and expanded the city has been a cultural touchstone for the last 114 years. Somehow though, there has never been a book that celebrates the subway from the scars it left on the city's fabric to the romantic fantasies it unleashed. Subway will convey a sense of wonder and fun about the world's largest transit system. The book will include a complete, concise history of the subway beginning with the technical obstacles and corruption that impeded plans for an underground rail line in the late 1800s, and the visionary and sometimes wacky schemes put forward in that era for subterranean and elevated transport. It will also tell how additional lines were built and how three independent subway systems were merged, creating the mishmash of numbered and lettered lines we have today. Interspersed throughout will be sidebars and stand-alone sections including profiles of characters that helped make the subway what it is (including the mostly forgotten August Belmont Jr., a flamboyant financier who bankrolled the first subway); graphics and imagery showing the evolution of subway cars, tokens and MetroCards, graffiti, and even subway etiquette ads; how the subway has been characterized in movies, television, and music; a look at abandoned cars and stations and more. Packed with compelling stories, fascinating facts and anecdotes, vivid portraits of the people who made the subway and those who saved it, all supplemented with engrossing imagery and a dynamic design, Subway will be a visual feast and must-have gift book, perfect for any coffee table"--

Ballpark Mysteries Super Special #3: Subway Series Surprise - David A. Kelly 2018-08-07

Batter up! It's an NYC-themed Super Special! Ballpark Mysteries are fun, accessible early chapter books that cross baseball action with puzzling whodunits! Catch a baseball mystery--in New York City! Mike and Kate are in for an extra special treat! Two hometown baseball teams in one city! A Subway Series is when the New York Mets play the New York Yankees, and Mike and Kate can't wait to watch all the action! But someone is playing pranks at both ballparks! And when Mike and Kate hear mysterious mumblings at the famous Whispering Gallery at Grand Central Terminal, they just might be able to catch the culprit before the series ends. A longer story, plus bonus backmatter and NYC trivia, makes Subway Series Surprise a truly Super Special addition to the Ballpark Mysteries.

My Subway Ride - Paul DuBois Jacobs 2004

Relates the sights and sounds of a subway ride through the boroughs of New York City.

Tunneling to the Future - Peter Derrick 2002-04

Derrick (archivist, Bronx County Historical Society) tells the story of what was, at the time, the largest and most expensive single municipal project ever attempted--the 1913 expansion of the New York City Dual System of Rapid Transit. He considers the factors motivating the expansion, the process of its design, the controversies surrounding financing it, and its impact on New York then and today. Appendixes summarize the contracts and related certificates and list the opening dates of Dual System lines. Twenty-four pages of photographs are also included. c. Book News Inc.

Count on the Subway - Paul DuBois Jacobs 2014-05-13

1 MetroCard, Momma and me. Down 2 flights—to catch the 3. 4 turnstiles, singers 5. A rumble, a screech . . . the train arrives! This bright, young counting book is a delightful trip through the New York City subway system. Hand in hand, child and mother see colorful subway signs and funny passengers, watch trains screeching by, and make new friends. With bold illustrations and a playful, rhyming text, this is not only a counting book, but also a tribute to New York and a sweet story of a child and parent navigating the city together.

The City Beneath Us - New York Transit Museum 2004

Drawn from a newly discovered cache of historical photos from the New York Transit Museum, a collection of 175 duotone images showcases the construction techniques and architectural details that were involved in the creation of the New York City subway system, in a centennial anniversary tribute complemented by an illustrated history.

Subway Ride - Heather Lynn Miller 2011-02-01

Take a trip around the world on a subway train. A fantastical journey introduces young readers to subway travel through ten different cities around the globe. Five children pay the fare, enter the gates, and zip down the tunnels of the subway stations. Playful, rhyming text paired with vivid digital collage makes for a fun and unique way for readers to explore travel. This trip around the world shows readers how travel and

cultural connections create community. Back matter includes information about the ten stations mentioned: Atlanta, Cairo, Chicago, London, Mexico City, Moscow, New York City, Stockholm, Tokyo, and Washington, D.C.

The Secret Subway - Shana Corey 2016-03-08

From an acclaimed author and a New York Times Best Illustrated artist comes the fascinating, little-known—and true!—story of New York City's first subway. New York City in the 1860s was a mess: crowded, disgusting, filled with garbage. You see, way back in 1860, there were no subways, just cobblestone streets. That is, until Alfred Ely Beach had the idea for a fan-powered train that would travel underground. On February 26, 1870, after fifty-eight days of drilling and painting and plastering, Beach unveiled his masterpiece—and throngs of visitors took turns swooshing down the track. The Secret Subway will wow readers, just as Beach's underground train wowed riders over a century ago. A New York Public Library Best Book for Kids, 2016

Keith Haring - Jeffrey Deitch 2021-10-05

The subway drawings were a seminal part of Keith Haring's work, not only due to their infamy at the time but because of their lasting effect on the public. This reprint of Keith Haring: 31 Subway Drawings, published by No More Rulers in association with Princeton University Press, offers a unique look into Haring's subway drawings. Various essays from art world: Jeffrey Deitch, Carlo McCormick, and Henry Geldzahler, including one written by Haring himself, are interspersed with images of the drawings.

Subway Story - Julia Sarcone-Roach 2011-10-11

Never was there a subway car who loved her job more than Jessie. From morning to night she carried all sorts of people all sorts of places—to work and school and World's Fairs, over bridges and through tunnels—sometimes she even took a pigeon along for the ride! But as time passed, sleek new silver cars began to take over the tracks, banishing Jessie to an abandoned lot. What will she do with no passengers to carry? And where will she go now that she's no longer welcome on the tracks? Based on the true story of 1960's-era subway cars that are now being used to create artificial reefs in the Atlantic, this stunningly illustrated second book from Julia Sarcone-Roach is sure to delight scuba diving historians and kids alike.

The Race Underground - Doug Most 2014-02-04

Documents the dramatic and sometimes deadly competition between New York and Boston to build the first American subway, describing the rivalry between two brother subway engineers and their famous supporters.

New York Subway Graffiti - Tod Lange 2009

Ride back in time on the colorful New York City subway line of the 1970s to 1990s; the graffiti years, when subway cars became rolling metal canvases for some of the most notorious and influential graffiti writers of all time. Explore the amazing array of art work from the 1970s, '80s and '90s transit system graveyards, including the work of graffiti artists BLADE, GHOST, SENT, REAS, VEN, WOLF, and STRIDER, as well as many other talented underdogs. The era is richly illustrated with over 235 rare, never-before-published photographs accompanied by personal accounts from the writers talking about their art and recalling their wild antics. This is an informative, nostalgic look at New York subway graffiti.

Subway - Christoph Niemann 2011-06-14

A father. Two children. And more than 840 miles of track. What does it add up to? Something thrilling. Are you ready for Subway?

Subway - Anastasia Suen 2004

A young girl and her mother enjoy a ride uptown on a city subway.

Under the Sidewalks of New York - Brian J. Cudahy 1995

But as it is in no other city on earth, the subway of New York is intimately woven into the fabric and identity of the city itself.

Down in the Subway - Miriam Cohen 2003

On a hot day on the subway, Oscar spies the "Island Lady," who proceeds to pull an island breeze, Caribbean foods, and even a steel drum band out of her bag to share with her fellow travelers.

The Great Society Subway - Zachary M. Schrag 2014-08

As Metro stretches to Tysons Corner and beyond, this paperback edition features a new preface from the author. Drivers in the nation's capital face a host of hazards: high-speed traffic circles, presidential motorcades, jaywalking tourists, and bewildering signs that send unsuspecting motorists from the Lincoln Memorial into suburban Virginia in less than two minutes. And parking? Don't bet on it unless you're in the fast lane of the Capital Beltway during rush hour. Little wonder, then, that so many residents and visitors rely on the Washington Metro, the 106-mile rapid transit system that serves the District of

Columbia and its inner suburbs. In the first comprehensive history of the Metro, Zachary M. Schrag tells the story of the Great Society Subway from its earliest rumblings to the present day, from Arlington to College Park, Eisenhower to Marion Barry. Unlike the pre-World War II rail systems of New York, Chicago, and Philadelphia, the Metro was built at a time when most American families already owned cars, and when most American cities had dedicated themselves to freeways, not subways. Why did the nation's capital take a different path? What were the consequences of that decision? Using extensive archival research as well as oral history, Schrag argues that the Metro can be understood only in the political context from which it was born: the Great Society liberalism of the Kennedy, Johnson, and Nixon administrations. The Metro emerged from a period when Americans believed in public investments suited to the grandeur and dignity of the world's richest nation. The Metro was built not merely to move commuters, but in the words of Lyndon Johnson, to create "a place where the city of man serves not only the needs of the body and the demands of commerce but the desire for beauty and the hunger for community." Schrag scrutinizes the project from its earliest days, including general planning, routes, station architecture, funding decisions, land-use impacts, and the behavior of Metro riders. The story of the Great Society Subway sheds light on the development of metropolitan Washington, postwar urban policy, and the promises and limits of rail transit in American cities.

The Phantom of the Subway - Geronimo Stilton 2004

When he hears reports of a ghost haunting New Mouse City's subway tunnels, Geronimo sets out to investigate the story.

Cincinnati's Incomplete Subway - Jacob R. Mecklenborg 2010-11-05

What of those ghostly catacombs that lie dormant below city streets? Those subway tunnels, never finished, never filled with the screeches of trains and the busy commotion of commuters. Just there. Dead. You've heard of the subway's demise. The tunnels were too narrow. The city was too broke. A grand miscalculation. Well, most of what you've heard is, sorry to say, untrue. The popular story of the subway's demise is myth-laden and as incomplete as the original plan. The full story, long buried in mounds of public records dispersed in libraries, is now revealed. Local author Jacob R. Mecklenborg emerges from those dusty tomes with a fresh, thought-provoking, full examination of the subway's demise and what its future might hold.

Miss Subways - David Duchovny 2018-05

Emer is just a woman living in New York City who takes the subway, buys ice cream from the bodega on the corner, has writerly aspirations, and lives with her boyfriend, Con. But is this life she lives the only path she's on? Taking inspiration from the myth of Emer and Cuchulain and featuring an all-star cast of mythical figures from all over the world, David Duchovny's darkly funny fantasy novel *Miss Subways* is one woman's trippy, mystical journey down parallel tracks of time and love. On the way, Emer will battle natural and supernatural forces to find her true voice, power, and destiny. A fairy tale of love lost and regained, *Miss Subways* is also a love letter to the city that enchants us all: New York.

"Smelly" Kelly and His Super Senses - Beth Anderson 2020-10-13

NSTA Best STEM Book James "Smelly" Kelly used his super-senses and intelligence to make sure that the New York City subway in the 1930s ran safely throughout his lifetime and beyond. James Kelly smelled EVERYTHING: rats in the shed; circus elephants a mile away; tomorrow's rain. His sense of smell was EXTRAORDINARY. But what good was a powerful nose? How could his super-sniffer make him special? In the New York City subway, James found his calling--and earned the nickname "Smelly" Kelly. Armed with his super-sniffer and the tools he invented, he tracked down leaks from the dangerous to the disgusting, from the comical to the bizarre. Then, he sprang into action to prevent cave-ins and explosions in the tunnels beneath the city. Smelly Kelly not only hunted leaks but also saved lives--and he discovered the truly extraordinary power inside him. Beth Anderson's fast-paced text and Jenn Harney's comical illustrations bring to life this everyday superhero.

Our Subway Baby - Peter Mercurio 2020-09-15

This gentle and incredibly poignant picture book tells the true story of how one baby found his home. "Some babies are born into their families. Some are adopted. This is the story of how one baby found his family in the New York City subway." So begins the true story of Kevin and how he found his Daddy Danny and Papa Pete. Written in a direct address to his son, Pete's moving and emotional text tells how his partner, Danny, found a baby tucked away in the corner of a subway station on his way home from work one day. Pete and Danny ended up adopting the baby together. Although neither of them had prepared for the prospect of parenthood, they are reminded, "Where there is love, anything is possible."

Subway - Christoph Niemann 2010-05-25

A father. Two children. And more than 840 miles of track. What does it add up to? Something thrilling. Are you ready for Subway?

Subway Series - Leela Corman 2002

Leela Corman's graphic novel *Subway Series* follows the exploits of Tina, a frustrated sixteen-year-old city girl whose affections are divided between two guys. The problem is, one has an out of town girlfriend and the other is a complete jerk. Add to that a bitchy adversary whom she once called a friend who's out to humiliate her, and now confused Tina doesn't know which way to turn. *Subway Series* is a teen *Sex in the City*. Tina doesn't know what she wants, but she's pretty sure it involves "getting it over with." With whom will it be? When will it happen? *Subway Series* depicts the more average teen experience: coercive, confused and mundane. Leela Corman's, lavish calligraphic drawing style, described as "Music to my eyes" by Scott McCloud, vividly brings to life this singular graphic novel showing real teen sex and angst in all its awkward splendor.

Subway - John E. Morris 2020-10-06

This dynamic visual history of the world's largest transit system -- in all its intriguing, colorful, and even seedy glory -- is packed with fascinating facts and hundreds of compelling photographs. When the first New York subway line opened in 1904, it was the most advanced in the world and a source of enormous civic pride. Today, it is an essential function to the lives of New Yorkers and a perennial cultural touchstone. To be a New Yorker is to take the train. To celebrate it, or grumble about it. *Subway: The History, Curiosities, and Secrets of the New York City Transit System* by John E. Morris is both a vivid history of this great transportation system and an exploration of its impact on the city and popular culture. The book covers every remarkable moment, from the technical obstacles and corruption that impeded plans for an underground rail line in the 1800s, to the current state of the system and plans for the future; profiles of the colorful, forgotten characters who built and restored the subway; graphics and imagery showing the evolution of subway cars and the way fares are collected; how subway etiquette rules have evolved with society; great subway chase scenes and songs about the subway; a look at abandoned stations and half-built tunnels; and more. In this visually stunning work, packed with original research, journalist and bestselling author John Morris brings life to this one-time engineering marvel that has united and expanded the city for the last 116 years.

Getting Up - Craig Castleman 1984-04-26

"Getting Up" is the term used by graffiti "artists" to describe their success in making their mark on the New York subway system. Through candid interviews, New Yorker Craig Castleman documents the inside story of the lives and activities of these young graffitiists.

Secret Subway - Martin W. Sandler 2009

In 1869, Alfred Beach wanted to build America's first air-powered railway below New York City, but Boss Tweed, powerful politician and notorious crook, opposed. Working under night cover, Beach and his crew carved a three-hundred-foot tunnel beneath a department store. Before long, the project was discovered and the public raved about its potential. But no further tunnels were ever built. What happened to Beach's railway, and where is it now?
