Law of Evidence - Vepa P. Sarathi 2002

Textbook on The Law of Evidence - M. Monir

Company Law Procedures - Bloomsbury Publishing 2021-11-20

A Corporate Professional is required to equip himself with regard to corporate compliances on day- to-day basis. There are number of

compliances which are required to be complied with depending on the event , whether it is incorporation / conversion / change , etc., not only from Company Law point of view but also from SEBI Regulations point of view (in case of a listed company). To assist the professional in this endeavour, this book is yet another attempt to provide all related procedures at one place along with the resolutions to make it handy and easy to use. The Book has been divided into two parts. Division-I contains Company Law Procedures of more than 115 events. Each procedure has been divided into following heads: - Applicable Section of the Companies Act, 2013 - Applicable Company Rule - Applicable Regulation in case of listed company - SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Synopsis (giving background of the section of the Companies Act, 2013) - Procedure (step by step, including various Government approvals and filing of Forms, etc.) - Compliance by a listed company in accordance with SEBI (LODR) Regulations, 2015 - Draft Board resolutions - Draft General Meeting resolutions (Special/Ordinary resolution) Division-II contains updated Company Rules as issued by the Ministry of Corporate Affairs from time to time and which are referred under various procedures of the Book.

Law and the Economy in Colonial India - Tirthankar Roy 2016-09-20

By accessibly recounting and analyzing the unique experience of institutions in colonial India--which were influenced heavily by both

British Common Law and indigenous Indian practices and traditions--Law and the Economy in Colonial India sheds new light on what exactly fosters the types of institutions that have been key to economic development throughout world history more generally. The culmination and years of research, the book goes through a range of examples, including textiles, opium, tea, indigo, tenancy, credit, and land mortgage, to show how economic laws in colonial India were shaped neither by imported European ideas about how colonies should be ruled nor indigenous institutions, but by the practice of producing and trading. The book is an essential addition to Indian history and to some of the most fundamental questions in economic history.

Southern California Law Review - 1966

Maccarthy on Cross-examination - Terence MacCarthy 2007

Learn how to look good on cross, even when the witness is not cooperating. Learn how to manage and effectively minimize the witness's involvement, without appearing controlling, extracting, and insulting. Filled with illustrative cross examinations from actual cases, this book is your key to employing these proven techniques in your own practice. Using the three themes that run through out the book--looking good, telling a story, and using short statements--you can take control of your cross examinations and achieve the results you desire.

Sir John Woodroffe and Syed Amir Ali's Law of Evidence - Mohan Lal Singhal 1992

Sarkar's Law of Evidence (India, Pakistan, Burma & Ceylon) - Subodh Chandra Sarkar 1959

Proof - Andrew Palmer 2014-12-18

The third edition of Proof includes clear, simple and easy-to-follow methods for organising and analysing evidence and includes an increased focus on the preparation of the defence case. A detailed Appendix provides a step by step analysis of a case and shows the practical application of charting evidence in order to construct the

strongest possible case for presentation at trial.

Engendering Law - Amita Dhanda 2007

Lotika Sarkar, b. 1923, feminist legal scholar; contributed articles

The Code of Civil Procedure - Dinshah Fardunji Mulla 2014

International Development Law - Rumu Sarkar 2020-03-26

This book describes how international development works, its shortcomings, its theoretical and practical foundations, along with prescriptions for the future. International Development Law provides the reader with new perspectives on the origins of global poverty, identifies legal impediments to sustainable economic growth, and provides a better understanding of the challenges faced by the international community in resolving global poverty issues. The text is structured into two basic parts: the first part deals with the theoretical and philosophic foundations of the subject, and the second part sets forth issues relating to the international financial architecture, namely, international borrowing practices, privatization, and emerging economies. In particular, the book provides new, innovative analysis on corruption as an impediment to sustainable development. The three interlocking facets of corruption are examined: transnational organized crime, Islamic-based international terrorism, and corruption within emerging economies and the international banking system. Thus fresh new analysis adds depth and clarity to a field that heretofore has been scattered and superficial. Finally, the "right to development" within the international human rights discourse is critically reviewed, particularly in light of new jurisprudence emerging from the African context. This book offers a fresh, new and balanced legal perspective on the development process. The text has been rigorously researched and has many practical facets based on the author's professional experience within the international development field. It is an invaluable research and teaching tool since it takes a multidisciplinary approach to putting complex issues, legal trends and political questions into a clear, new perspective that is highly analytical as well as accessible to the reader. The author's elegant legal prose is both powerful and persuasive.

The Law of Evidence in Ancient India - Śraddhākara Sūpakāra 1990

Idea and Methods of Legal Research - P. Ishwara Bhat 2019-09-05

Legal research examines subject matter enshrouded in social circumstances in order to conceptualize theories and prepare a future course of action. This dynamic, inter-disciplinary, and labyrinthine character of legal research requires researchers to be fluid, eclectic, and analytical in their approach. Idea and Methods of Legal Research unearths how the thinking process is to be streamlined in research, how a theme is built on the basis of comprehensive and intensive study, and the paths through which notions of objectivity, feminism, ethics, and purposive character of knowledge are to be understood. The book first explains the meaning, evolution, and scope of legal research, and discusses objectivity and ethics in legal research. It engages with the requirements, advantages, and limits of various doctrinal and non-doctrinal methods and tools, and the points to be considered in selecting a suitable method or combination of methods. It highlights analytical, historical, philosophical, comparative, qualitative, and quantitative methods of legal research. The book then goes on to discuss the use of multi-method legal research, policy research, action research, and feminist legal research and finally, reflects on research-based critical legal writing, as opposed to client-related legal writing. This book, thus, is a comprehensive answer to key questions one faces in legal research.

Let There Be Light: Engineering, Entrepreneurship and Electricity in Colonial Bengal, 1880-1945 - Suvobrata Sarkar 2020-12-03

This book studies the correlation between technological knowledge and industrial performance, with the focus on electricity, an emerging technology during 1880 and 1945.

India and the British Empire - Douglas M. Peers 2017-02-09

South Asian History has enjoyed a remarkable renaissance over the past thirty years. Its historians are not only producing new ways of thinking about the imperial impact and legacy on South Asia, but also helping to reshape the study of imperial history in general. The essays in this collection address a number of these important developments,

delineating not only the complicated interplay between imperial rulers and their subjects in India, but also illuminating the economic, political, environmental, social, cultural, ideological, and intellectual contexts which informed, and were in turn informed by, these interactions. Particular attention is paid to a cluster of binary oppositions that have hitherto framed South Asian history, namely colonizer/colonized, imperialism/nationalism, and modernity/tradition, and how new analytical frameworks are emerging which enable us to think beyond the constraints imposed by these binaries. Closer attention to regional dynamics as well as to wider global forces has enriched our understanding of the history of South Asia within a wider imperial matrix. Previous impressions of all-powerful imperialism, with the capacity to reshape all before it, for good or ill, are rejected in favour of a much more nuanced image of imperialism in India that acknowledges the impact as well as the intentions of colonialism, but within a much more complicated historical landscape where other processes are at work.

Performing the Ramayana Tradition - Paula Richman 2021

"Performing the Ramayana Tradition: Enactments, Interpretations, and Arguments, edited by Ramayana scholar Paula Richman and Rustom Bharucha, scholar of Theater and Performance Studies, examines diverse retellings of the Ramayana narrative as interpreted and embodied through a spectrum of performances. Unlike previous publications, this book is neither a monograph on a single performance tradition nor a general overview of Indian theatre. Instead, it provides context-specific analyses of selected case studies that explore contemporary enactments of performance traditions and the narratives from which they draw: Kutiyattam, Nangyarkuttu and Kathakali from Kerala; Kattaikkuttu and a "mythological" drama from Tamilnadu; Talamaddale from Karnataka; avant-garde performances from Puducherry and New Delhi; a modern dance-drama from West Bengal; the monastic tradition of Sattriya from Assam; anti-caste plays from North India; and the Ramnagar Ramlila. Apart from the editors' two introductions, which orient readers to the history of Ramayana narratives by Tulsidas, Valmiki, Kamban,

Sankaradeva, and others, as well as the performance vocabulary of their enactments, the volume includes many voices, including those of directors, performers, scholars, connoisseurs, and the scholar-abbot of a monastery. It also contains two full scripts of plays, photographs of productions, interviews, conversations, and a glossary of Indian terms. Each essay in the volume, written by an expert in the field, is linked to several others, clustered around shared themes: the politics of caste and gender, the representation of the anti-hero, contemporary re-interpretations of traditional narratives, and the presence of Ramayana discourse in everyday life"--

The Law of Evidence - Ian Howard Dennis 2010

Analysing the law of evidence, this book includes essential doctrinal analysis. It takes an account of evidence theory, psychological research on information processing and retrieval, socio-legal work on police investigations, and jury research projects. It reviews changes to the law, brought about by the Criminal Justice Act 2003.

Principles of the Law of Evidence - Avtar Singh 1990

Law of Crime and Self-defence - R. D. Yadav 1993

The Indian Evidence Act (I. of 1872) - James Fitzjames Stephen 1872

The Journal of Legal Pluralism and Unofficial Law 49/2004 - Gordon R. Woodman 2005-12-15

Jon Unruh examines the role of a disordered and dysfunctional legal pluralism in Liberia's descent into internal armed conflict. Thoko Khaime considers the concepts of children's universal rights and their relationship to the social reality of living law in an African society.

Abdulmumuni Oba discusses the jurisdiction and functioning of Area Courts in the state of Ilorin in the Federal Republic of Nigeria. Sue Farran examines the land law in the Pacific state of Vanuatu.

The Anatomy of Corporate Law - Reinier Kraakman 2009-07-23

This is the long-awaited second edition of this highly regarded comparative overview of corporate law. This edition has been

comprehensively updated to reflect profound changes in corporate law. It now includes consideration of additional matters such as the highly topical issue of enforcement in corporate law, and explores the continued convergence of corporate law across jurisdictions. The authors start from the premise that corporate (or company) law across jurisdictions addresses the same three basic agency problems: (1) the opportunism of managers vis-à-vis shareholders; (2) the opportunism of controlling shareholders vis-à-vis minority shareholders; and (3) the opportunism of shareholders as a class vis-à-vis other corporate constituencies, such as corporate creditors and employees. Every jurisdiction must address these problems in a variety of contexts, framed by the corporation's internal dynamics and its interactions with the product, labor, capital, and takeover markets. The authors' central claim, however, is that corporate (or company) forms are fundamentally similar and that, to a surprising degree, jurisdictions pick from among the same handful of legal strategies to address the three basic agency issues. This book explains in detail how (and why) the principal European jurisdictions, Japan, and the United States sometimes select identical legal strategies to address a given corporate law problem, and sometimes make divergent choices. After an introductory discussion of agency issues and legal strategies, the book addresses the basic governance structure of the corporation, including the powers of the board of directors and the shareholders meeting. It proceeds to creditor protection measures, related-party transactions, and fundamental corporate actions such as mergers and charter amendments. Finally, it concludes with an examination of friendly acquisitions, hostile takeovers, and the regulation of the capital markets.

Crime Law And Police Science - James Vadackumchery 2003

Judges, Lawyers, Investigators, Students Of Criminology And Justice Administration And Even Private Detectives And Laymen Will Find The Book Highly Useful.

ICT Law Book - Adam J. Mambi 2010

This volume collects notable writings of Barnabas A. Samatta, Chief Justice of Tanzania from 2000 to his retirement in 2007, together with

writings by others that document his career and show the judgment of his peers about his work on the Court of Appeal of Tanzania. The writings include Samatta's thoughts on Tanzania's constitutional order and the importance of the rule of law, as well as a number of key rulings and judgments. Annotation ©2011 Book News, Inc., Portland, OR (booknews.com).

Sarkar's Law of Evidence in India, Pakistan, Bangladesh, Burma, Ceylon, Malaysia & Singapore - Mahim Chandra Sarkar 2021

Violence and New Religious Movements - James R. Lewis 2011-04-06

The relationship between new religious movements (NRMs) and violence has long been a topic of intense public interest--an interest heavily fueled by multiple incidents of mass violence involving certain groups. Some of these incidents have made international headlines. When New Religious Movements make the news, it's usually because of some violent episode. Some of the most famous NRMs are known much more for the violent way they came to an end than for anything else. *Violence and New Religious Movements* offers a comprehensive examination of violence by and against new religious movements. The book begins with theoretical essays on the relationship between violence and NRMs and then moves on to examine particular groups. There are essays on the "Big Five"--the most well-known cases of violent incidents involving NRMs: Jonestown, Waco, Solar Temple, the Aum Shunrikyo subway attack, and the Heaven's Gate suicides. But the book also provides a richer survey by examining a host of lesser-known groups. This volume is the culmination of decades of research by scholars of New Religious Movements.

Documentary Evidence - Charles Hollander 2018

"Now in its 13th edition, *Documentary Evidence* is a comprehensive guide to the legal obligations of disclosure. Logically presented and lucidly written, it provides detailed analysis and sensible practical advice. Following a chronological structure, it shows when and how a practitioner should take action in relation to the obligation to disclose. It is a standard work that is often cited in court judgments. Under the Civil Procedure Rules the parties to an action are encouraged to adopt a "cards-on-the-table" approach toward the exchange of information, not just once litigation has commenced but before as well. It is likely in the early stages that a few documents will be identified as being relevant or key to the matter at hand. These will be used to provide advice as to the merit or not of proceeding with the dispute. If the decision is taken to proceed, the law imposes a requirement to make full and proper disclosure, which is the process whereby the parties to an action disclose to each other all documents in their possession, custody or power relating to matters in question in the action. This title deals with the nature and scope of the obligation to disclose."--Publisher's website.

Sakkar Law of Evidence in India, Pakistan, Bangladesh, Burma, Ceylon, Malaysia & Singapore - Mahim Chandra Sarkar 2016

Evidence Before the International Court of Justice - Anna Riddell 2016

Some recent contentious issues about the use of evidence in cases before the International Court of Justice have highlighted the importance of fact-finding and the use of evidence before this Court. This major study on the issue of evidence before the International Court of Justice has examined all aspects of the Court's relationship with facts in both contentious and advisory proceedings from the recently refined procedure for submitting late evidence, to the hearing of live witness testimony in the Peace Palace. Considerations of flexibility and respect for the sovereignty of the State Parties before the Court have traditionally deterred the Court from constructing concrete rules on matters of evidence, but the increasing numbers of cases, in which a thorough consideration of the facts has been essential, has highlighted

that some detailed procedural guidance is necessary in order to ensure a well-functioning system of adjudication. It is apparent that the Court has paid an incre

Commentary on the Indian Penal Code - Krishna Deo Gaur 2019

Ratanlal & Dhirajlal the Law of Evidence - Ratanlal Ranchhoddas 2017

A Handbook for Public Prosecutors - D. Chipeta 2009-05-15

This is the third edition of A Handbook for Public Prosecutors. It takes into account multiple changes in the Tanzania law since publication of the first and second editions in 1978 and 1982 respectively, and the new Criminal Procedure Act of 1985. A Handbook for Public Prosecutors is written primarily for Public Prosecutors. However, it is sufficiently comprehensive to be useful to those who are fresh on the Bench or the Bar, and to investigators of crime, as well as to those who are required to do examinations in Criminal Law, Criminal Procedure and the Law of Evidence in order to advance in their careers. While it is based on the

Tanzania Penal Act, Criminal Procedure Act, the Evidence Act and other statutes, readers in other East African countries will have no difficulty in finding relevant and equivalent provisions of applicable legislation which are invariably identical to those in their countries. This book provides guidance to public prosecutors and others on basic principles of Criminal Law, Criminal Procedure, and the Law of Evidence and the art of prosecuting cases.

Commentary on Indian Evidence Act, 1872 - Dr. Pushkal Kumar Pandey 2020-11-07

The evidence Act which was passed by the British parliament in the year 1872 contains a set of rules and regulation regarding admissibility of the evidences in the court of law. These provisions speak about both procedure and rights, as it provides the procedure as to how to proceed to the court or how to establish our claim before the court. The Evidence Act, identified as Act no. 1 of 1872, and called as the Indian Evidence Act, 1872, has eleven chapters and 167 sections, and came into force on 1st September 1872. This book covers all important concept of law of evidence in the form of commentary as enshrined in the Indian Evidence Act, 1872
